Rosendale Shows Way In Housing

Construction Under Way on Dozen Homes in Washington Park to Help Shortage

Use Dellay Area

Plots Laid Out in 1926 for Colony of Homes With Conveniences

Construction has started on a dozen modern, private homes at the Washington Park development in Rosendale under the supervision of John Dellay and the Dellay Realty Company. The contractor and builder is G. Brancato, of Rosendale.

Washington Park is the first building site in Ulster county for which the Federal Housing Project has granted approval to build homes for war veterans and private individuals.

According to specifications announced by Mr. Dellay, each house will be built on a plot of land 50 by 150 feet, or 75 by 100 feet with option of obtaining more land from the Dellay Realty Co., if necessary at reasonable price and terms.

The homes will be serviced by a water heating system with oil burner, bath room, modern kitchen, and an attic with space for a few more rooms.

The Washington Park development which spearheads the county's drive for veterans and civilian housing relief was started by Mr. Dellay in 1926. The entire tract has been transformed into restricted residential sections with streets shaded by trees planted years ago. The dozen or so houses now under construction will be ready for occupancy within sixty days, according to the tentative schedule.

A selection may be made from blue prints and pictures of the homes according to rules and regulations of the Federal Housing Administration.

Rosendale village authorities alert to Mr. Dellay's progressive spirit in the community for the past several years, have indicated complete cooperation with the hope of adding further prestige to Rosendale.

Fields Still Holds Out On Furnishing Records

Washington, Aug. 15 (AP)—Benjamin F. Fields today refused for the fourth time to produce records demanded by the House Surplus Property Committee showing how he split profits from the sale of excess war goods.

Committee members told newsmen they would meet in closed session later today to decide whether to cite Fields in contempt of the House, as chairman Slaughter (D-N.Y.), has already threatened to do.

The portly contract broker, who disregarded three committee requests for the documents yesterday, told the legislators he could supply all the data he could find.

President to Vacation In New England Waters

Washington, Aug. 15 (AP)—President Truman will leave Washington tomorrow for an 18-day yachting vacation in New England waters.

While House Press Secretary Charles G. Ross disclosed plans for the cruise, aboard the Presidential yacht, "USS Williamsburg," it will carry the president into the Narragansett Bay area and up the coast of Maine.

It will be the Williamsburg's first voyage under the command of Capt. C. L. Freeman.

Blame Marshall

Nanking, Aug. 15 (AP)—Chinese Communists, rejecting Chiang Kai-shek's peace program, today stepped up their assaults in the north and turned their verbal fire against General Marshall, U. S. special envoy. The Communists' propaganda Daily, published at Peking, said that Marshall was "not above blame for the failure to cease hostilities in China." Past Communist criticism of U. S. "aid" to Chiang's government had been combined with personal praise for the American mediator.

V. J. Anniversary Celebration Here

Exercises Conducted by Legion Post; Mayor Delivers Address

Several hundred people attended the ceremonies marking the first anniversary of V-J Day in Kingston held Wednesday evening at 8 o'clock in Academy Park, when Mayor W. F. Edelmuht delivered the address of the evening, which was followed by a band concert.

The exercises were held under the auspices of Kingston Post of the American Legion with Commander Ernest A. Steuding presiding. The Legion color guard advanced the colors and taps were sounded by Richard Castiglione.

The invocation was offered by Chaplain Clarence E. Brown of Kingston Post, and the audience listened in a minute of silence in memory of those who had died in service.

The mayor in his address said: "Today, August 14, the most historic date in recent history, we celebrate Victory Day, the day on which hostilities came to an end in the Pacific Theatre of War. August 14, marked the capitulation of Japan, bringing to a victorious and final close the greatest war ever fought in freedom's history."

Col. E. R. Bradley, Sportsman, Of Kentucky Derby Fame, Dies

Lexington, Ky., Aug. 15 (AP)—Col. E. R. Bradley, 86-year-old sportsman whose horses have won four Kentucky Derbies, died of a heart attack at his Idle Hour Farm at Lexington at 1 a. m. this morning.

Because of his advanced age, Col. Bradley had been less active in recent years but still maintained a lively interest in horse racing and thoroughbred breeding. These activities were centered at his Idle Hour Farm near here, one of the show places of Kentucky's bluegrass region.

He formerly maintained other business interests in Palm Beach, Fla., notably the Beach Club, often called the country's biggest gambling casino—but began to dispose of his property after suffering a heart attack in December, 1940.

Col. Bradley for several years spent his winters in Florida and his summers in New York and Maryland. He stopped off here once or twice a year and nearly always spent part of the Thanksgiving season at his Idle Hour Farm. He annually donated several

The old Senate House on Clinton avenue, built in 1676 and known as the oldest public building in the United States—meeting place of the First Senate of New York state—which has attracted many thousands of visitors from all parts of the United States, is about to undergo numerous restoration changes.

John J. Vrooman, supervisor of historic sites, State Department of Education, assisted by Paul Becker of the state historian's office, were in Kingston Wednesday taking numerous pictures of the interior of the historic building.

This may be said to be the first step toward active inauguration of the work which state authorities have been considering for some time, with view to making certain restorations in this historic example of Colonial architecture and to install long-needed conveniences.

Mr. Vrooman, who is an expert photographer, paused in his work Wednesday afternoon to say that he was taking these interior views in order to show just how the house is arranged at the present time and the location of

Palestine Jews Called To General Revolt Against the British

Terrorists Plan to Bomb Postoffice for Second Time; British Forces Stand Guard; President Truman Rejects Federalization Plan

By CARTER L. DAVIDSON
Jerusalem, Aug. 15 (AP)—Terrorists threatened for a second time to bomb the general post-office of Palestine after Jews were exhorted to revolt against Great Britain by the outlawed Irgun Zvai Leumi Organization.

Last night the building was emptied and communications systems throughout Palestine were disrupted for more than an hour. Bombs were not found in either case.

From 50,000 to 200,000 armed British forces stood guard in the mandate awaiting possible trouble from the Jews, aroused because illegal Jewish immigrants were being deported to Cyprus.

Another 800 illegal immigrants reached Haifa aboard a 300-ton schooner after a 21-day voyage. All faced deportation under the British policy to halt unlawful entrance into the country in which the Arab population is dominant.

Irgun Zvai Leumi, which asserted authorship of the King David Hotel bombing last month in which 91 persons were killed, called on the Jews to revolt in a broadcast from an underground radio transmitter.

The broadcast, made over a secret radio station, urged unification of Irgun, Hagana, and the so-called "Stern Gang"—similar resistance organizations—into a single Jewish army under an underground Zionist government.

Calling upon all Jews to volunteer their services either with the army or the proposed underground government, the broadcaster said: "We must exert our every strength against two enemies—the British and time."

The underground government is needed, the broadcast said, "to guide our constant war against those two adversaries—no long or we will wage a war of retribution, but a constant war."

The broadcast also urged Jews to stop paying taxes to the Palestine Government and turn the money over to the "Irgun Zvai Leumi War Fund."

The broadcast was one of the first definite underground reactions to the deportation to the island of Cyprus of 1,000 European Jews who sought to enter Palestine without immigration certificates.

Its effect was to increase the tension that already gripped the Holy Land, as Arabs, British and Jews themselves nervously awaited an expected flare-up of violent extremist reaction to the deportation.

Before the broadcast five Jews were reported wounded in Haifa during a charge by club-swinging police when a mob attempted to break through barriers to the closely guarded harbor area.

The Haifa incident occurred following the funeral of girl and two men killed in rioting Tuesday when the 1,000 deportees were sent off to Cyprus.

Truman Rejects Plan
London, Aug. 15 (AP)—An authoritative Whitehall source said today that President Truman had rejected the British Government's committee's plan for federalization of Palestine.

As a result, this source said, Britain feels she will have to seek a new solution to the Palestine problem.

The President, in a note received here last night, was understood to have said the United States could not at present either accept or reject the commission's recommendations "without the support of the American people."

Mr. Truman, the informant said, advised Britain that as the mandatory power for Palestine she should go ahead with any action she deems wise under the circumstances.

Only a short time before Dr. Chaim Weizmann, president of the Jewish Agency, and other agency representatives had conferred with the British.

50 Primary Election Contests in New York

Spotlight of General Interest in Struggle Involving Steingut and Baldwin

By HENRY LEADER
Albany, N. Y., Aug. 15 (AP)—Pitched battles involving two veteran office-holders fighting for their political lives against determined foes headline approximately 50 primary election contests up for decision at New York state polls next Tuesday.

The spotlight of general interest in the balloting burns brightly on the struggles of Brooklyn's Irwin Steingut, Democratic minority leader of the Assembly, and Joseph Clark, Baldwin, Republican incumbent representative of the 17th (Silk Stocking) Congressional District, Manhattan to turn back strong challenges.

Steingut, who completed 25 years in the Assembly this year, is opposed for renomination in the 18th Assembly District of Kings by Paul Seiderman's former assistant district attorney.

Seiderman's main weapon is a presentation of an extraordinary grand jury impaneled at the direction of Governor Dewey to investigate the legislature.

Seiderman has dwelt on the grand jury's assertion that Steingut failed to account satisfactorily for the source of \$184,000 of \$461,833 spent by the Assembly minority chief in a 10-year period that ended in 1944.

O. & W. Fireman Dies as Engine Pulls in Station

Walter J. Davis, 56, of Route 3, Middletown, a fireman on the O. & W. railroad, was fatally stricken with a heart attack Wednesday afternoon as the engine he was firing pulled into the railroad station on Fair street extension.

The engine was on the turntable in the railroad yard when Fireman Davis was stricken. Dr. Harry P. Van Wagenen was called but found Mr. Davis beyond medical aid.

Coroner Ernest A. Kelly made an investigation, and issued a verdict of the death due to coronary occlusions. The coroner turned the body over to Undertaker W. N. Conner.

Mr. Davis was a veteran of World War I, and a member of the American Legion Post of Middletown. Funeral services will be held from the Isaac Hasbrouck Funeral Home in Middletown on Saturday afternoon at 2 o'clock.

Pledged to Donovan
New York, Aug. 15 (AP)—Richmond county's 11 delegates to the Republican state convention next month are pledged to Maj. Gen. William J. Donovan as the party's candidate for the United States Senate. Edward A. Ruppelt, the county G.O.P. chairman said yesterday. The Republican convention meets September 3 and 4 at Saratoga Springs.

There was a clear reference to Russia when Byrnes said that the draft treaties "permit every country to exploit its own resources and to allow the free flow of goods between countries."

There was ringing applause when he said, "an equal open door policy will not cause exploitation but hinder it."

Soviet Delegate Andrei Vishinsky mildly criticized Byrnes, declaring the secretary of state "carried the discussion backward and not forward," then launched into a discussion of Hungary.

"We have the right, the legal right, to demand indemnity for our losses," he said, but "the Soviet Union takes a line designed to make it easier for the former enemy states to pay their reparations."

"One of the reasons for the difficult position of Hungary is the enormous amount of material which was transferred to Germany and is now in the American Zone and has not been returned."

Americans Seeking No Return

U. S. Secretary Informs Conference U. S. Will Help in Rebirth of Any Nation

U. S. Position

Byrnes Objects to the Misrepresentation of Our Motives

By WILLIAM B. KING
Paris, Aug. 15 (AP)—U. S. Secretary of State James F. Byrnes, in an address patently aimed at Soviet Russia, told the Peace Conference today that economic treaties concluded in contradiction of the Potsdam Agreement would lead to "enslavement and exploitation."

At the same time Byrnes took exception to Russian allegations—made during the debate on Italy's statement to the conference—that certain nations had enriched themselves during the war.

"Now what great power enriched itself 'during the war,'" Byrnes asked. "I certainly know of none. I hope he (the Soviet Spokesman) was not referring to the United States."

Byrnes declared that the war cost the United States \$400,000,000,000, "loaned by the American public," but was "seeking no recompense."

"Before America was attacked Franklin D. Roosevelt announced that the United States would be the symbol of democracy," he added. "America has asked for no recompense other than the freedoms she sought for all mankind. America seeks no territories or recompense."

Byrnes added that the United States was willing to help in the economic rebirth of any nation. He spoke after Foreign Minister Jan Masaryk of Czechoslovakia had told the conference that Hungarian Foreign Minister János Gyongyosi had tried to "gloss over" his nation's record as an Axis satellite by castigating Czechoslovakia in an address before the assembly yesterday.

There was loud applause in the conference chamber when Byrnes said the United States would offer "reciprocal friendship to any nation."

Foreign Minister V. M. Molotov listened intently as Byrnes spoke in a firm voice, occasionally gesturing with one hand.

Praises Italy, Greece
The American secretary praised both Italy and Greece and objected to recent speeches by Russian and other Slav delegates giving the "impression that other countries were more democratic than Italy because they have harmonized their views with the Russians."

Cries of "hear, hear" sounded from the benches of English speaking delegates when Byrnes referred to Italy's new "democratic government."

There was a clear reference to Russia when Byrnes said that the draft treaties "permit every country to exploit its own resources and to allow the free flow of goods between countries."

There was ringing applause when he said, "an equal open door policy will not cause exploitation but hinder it."

Soviet Delegate Andrei Vishinsky mildly criticized Byrnes, declaring the secretary of state "carried the discussion backward and not forward," then launched into a discussion of Hungary.

Eleanor Dozes, Auto Crashes; 4 Persons Injured

President's Widow Shaken but Escapes Unhurt; Accident Happened Late Yesterday

Yonkers, N. Y., Aug. 15 (AP)—Mrs. Eleanor Roosevelt was shaken-up and four other persons were injured late yesterday in a three-car collision near here.

An official police report made by Patrolman William Segnit to the Westchester County Parkway Police Headquarters said the widow of President Roosevelt told him "she dozed off at the wheel" of her Lincoln sedan, crossing over the white line between north and southbound traffic lanes, and crashing head-on into another automobile.

The accident occurred shortly before 5 p. m. (E.D.T.) on the Saw Mill River Parkway near Lockwood avenue, about three miles north of the New York city Westchester line. The former first lady was driving from her home at Hyde Park to her Greenwich Village apartment. She had been scheduled to attend a radio broadcast at 9 p. m. (E.D.T.).

Just Couple of Bumps
Her secretary, Miss Malvina Thompson, said last night at the apartment that except for a "couple of bumps on the head," Mrs. Roosevelt was none the worse for the experience.

Mrs. Roosevelt's statement was recorded on the back of an official report card which listed her car as "No. 1" of those involved. The report contained this statement by Segnit:

"Driver of Car No. 1 says she dozed off at the wheel, crossed the white line and struck another car head-on."

Police gave this account of the accident.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 16 million of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness. Dewey Concludes His Tour of State

Calls for 'No Compromises' in Peace Negotiations

Albany, N. Y., Aug. 15 (AP)—Governor Dewey was back in the state capital today after a three-day upstate pre-campaign tour, highlighted by a call for "no compromises" in the efforts of the

United States to gain a "sound peace."

The governor concluded his tour, during which he conferred with Republican leaders in five south-central New York counties, with an address at Cortland last night, following a review of a five-mile long victory parade.

"Let us promptly support every effort of the United States in its negotiations for a sound peace, a peace with justice and a peace with freedom for all peoples of the world," Dewey said.

"Let us support no compromises," he added, urging Americans to "close ranks" to meet the "chal-

lenge of peace" which he said was greater now than the challenge of war.

The governor asserted that there were in the world today "forces of totalitarianism, as greedy, powerful and insidious as those we defeated in the war."

Dewey said more nations had "fallen in recent months to totalitarianism than any of us care to contemplate."

Obviously referring to Italy, he urged that the United States make certain that "every country—including those, if you will, who were victims of tyranny and States go into American automobiles.

the many valuable exhibits, because the work contemplated is taken up.

Over \$13,000 Appropriated
He added that the state had made an appropriation of over \$13,000 for the project, one of the chief aims of which will be to restore the old building, as nearly as possible, to its original condition.

The program will also include the installation of two very modern long-crested incinerators—heat and light. Concrete heating facilities will be installed, a pipe being laid and steam brought from the plant in the nearby state museum building. Also concealed electric lights will be placed throughout the building.

As part of the restoration plans the casings which for some years have covered the beams in the ceilings of the front rooms will be removed, leaving the beams exposed, as they originally were.

Also certain repair work which has been done in later years will be removed.

do FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds teeth more firmly in place. It is not sticky, slip or rock. No gummy, sticky taste or feeling. FASTTEETH is alkaline (non-acid). Does not sour (check "plate odor" (denture breath). Get FASTTEETH at any drug store.

be removed. It will be replaced, as nearly as possible, with material and in the style of the period to which the house belongs.

Will Rearrange Exhibits.
Mr. Vrooman said that exhibits throughout the house would be rearranged, exhibits and displays to be confined largely to articles of the Revolutionary period. Special emphasis, it was stated, would be placed on the year 1777, the year in which the first Senate of New York state met in this house.

Of the present exhibits, those not retained as authentic period pieces, of which there are quite a number, will be stored in the museum building pending further disposal. Mr. Vrooman said that it is anticipated certain period pieces would be brought from the state museum in Albany and added to the Senate House collection.

Lassiter Will Have Charge
Also in Kingston Wednesday was William Lawrence Lassiter, curator of history at the New York State Museum in Albany, who will have charge of the work to be done here.

Mr. Lassiter added somewhat to the information given by Mr. Vrooman. Like him, he emphasized that the aim of the work to be done would be to restore the Senate House as nearly as possible to its original condition.

It was stated that work would get under way next week, the first thing to be done being to carefully pack and catalogue the entire contents of the Senate House. They then will be removed to the museum building on the grounds for storage while changes and installations at the Senate House are under way.

The work of packing and storage may take two or three weeks.

As to just when the entire project would be completed no estimate could be given.

Of the present exhibits at the Senate House, those which will not be replaced because they are not authentic pieces of the Revolutionary period, will for the most part go to other state-owned museums where they will "fit in," Mr. Lassiter said. It was added that exhibits to be disposed of in this manner would not be pieces of local historical interest.

In carrying out the work here to be taken up immediately, Mr. Lassiter will be assisted by James Jennings and Paul Becker of the state historian's office; James Howard, janitor at the Senate House and the Museum; Mrs. Mary Black Terwilliger, who as a superintendent of historic sites is in general charge of the buildings; Miss Katherine Millard, attendant at the Senate House; and Miss Ottilia Riccoboni of the museum staff.

Senate House to Close
Mrs. Terwilliger announced Wednesday that Sunday would be the last day that the Senate House would be open to the public for some time. It will be closed, starting Monday, August 19, and will remain closed until changes contemplated are completed.

V. J. Anniversary Celebration Here

cause. More than 300,000 gallant American fighting men and women gave their lives to bring about total defeat of Nazism, Fascism and Nipponism.

The day marking the complete military triumph for America and the nations allied with her in the global war of liberation, ranks, therefore, with the most important dates in human history. The building of a new world in which all mankind hopes peace will be enduring and war forever outlawed, we hope and pray, dates from August 14, 1945.

Let us remember the purpose of observing "Victory Day," for we all should be ever mindful of this great cause for celebrating. First, and foremost, we should all give thanks for the great victory we have won. We should pay silent tribute to the memory of the heroic dead who made this great victory possible, for many of your own fathers and sons sleep on foreign soil never again to return to home and fireside. We should give proper recognition to the sacrifices and the devotion of those gallant men and women who served and are still serving in the nation's armed forces. We should keep alive the recollection of the war efforts and sacrifices of those on the home front, the civilian defense activities, the blackouts, the rationing and the record-breaking production of loyal war workers. And finally to rededicate all loyal Americans to the unfinished task of translating our military history into a lasting and solid God-like peace.

At the present time, as we all know by reading the accounts in our daily papers, negotiations are now going on at the Peace Conference in Paris. Yet, even with the cessation of physical warfare, there are those attending this Peace Conference who would impede the action which this great country of ours is taking towards a swift conclusion of this meeting. People, in whom, during the war years, we placed the greatest confidence, are now using obstruction-

ist tactics to delay and hinder our plans to make a lasting and fair peace for all concerned. We seek no territorial rights, no trade pacts and no enslavement of other peoples. We seek, and rightfully so, a peace for all peoples to that they too might enjoy a freedom such as we know it here in America. It has always been my firm and steadfast belief, that people, no matter what their religion or creed might be, are entitled to worship as they see fit, to read what they please and to say what they desire.

If you will recall, on August 14th of last year, our places of worship were crowded to the very rafters with persons who came to give thanks to Almighty God that this terrible conflict had at last been brought to a conclusion. Yet, how true it is that today, one year later many have almost forgotten God and the part He played in this war. We prayed, yes fervently so, that your fathers and sons and daughters would be spared from making the supreme sacrifice and that one day they would be returned to their homes and families safe. But today, have we thanked God for the generous gifts He has bestowed upon all of us? On this very night, we kneel in silent tribute and give Him thanks for what He has done for us. Let us all pray that never again will we become embroiled in a conflict such as we have just experienced. But, should any aggressor nation dare to again violate the principles we hold so dear, then I say, rush again to the defense of your country so that we, as Americans, will always make this great land of ours one in which we can live in peace, happiness and contentment.

He Still Wins at 100
Prominent at the last Dannevirke Agricultural and Pastoral Association show in New Zealand, was William B. Allen, of Carterton, in his 100th year and long a prize winner with Romney sheep. Small of stature and wearing a snowy beard, he claims to be the oldest New Zealand born person.

Auto Wrecked in Two-Car Crash

Drivers Are Uninjured in Lucas Avenue Collision

A 1934 Ford sedan operated by Bernard Joseph, 23, of Conekill, was completely wrecked but the driver escaped personal injury, in a two-car accident about 5:30 Wednesday afternoon at the intersection of Route 213 and Lucas

avenue turnpike. According to the sheriff's office investigation, the accident occurred when a 1936 Buick driven by Charles V. DeWitt, 33, of Tilton, going east struck the Joseph machine as it was proceeding south at the turnpike. Joseph's car came to a stop turned over on its side. Both front fenders, the bumper, radiator and grill of the DeWitt car were smashed. DeWitt was not injured. Deputies Ellsworth and Maxwell investigated for the sheriff's office. No arrests were made.

Gives Some Advice On Etiquette of Hospital Visiting

Miss Jessie P. Allan, superintendent of the Kingston Hospital, comments on an article on "Etiquette in Hospital Visiting" which appeared in the August 5 number of "Health News," published by the State Department of Health.

Miss Allan says that their census at the Kingston Hospital remains at a high level and with the condition complicated by a nurse shortage. "We find that there are many more visitors than the building was designed to handle," she says. "The number of them adds to our confusion."

Health News says, "If you would make your visit the pleasant experience you mean it to be to the hospital patient, then abide by the 15-minute visiting rule, even during the period of his convalescence at home. Leave while your popularity is at its peak!" It continues:

In an article titled "I Wish She'd Stayed Longer," published in the current issue of Hygiene, Frances Turner, graduate of the University of California and formerly associated with the Department of Pathology of Stanford University School of Medicine, adds to this cardinal principle of hospital visiting the further advice, that the visitor discount such protestations as "But you have just come!" People who are ill, she observes, habitually overestimate their strength. Seeing a friend stimulates them and gives them a false sense of well-being. Leave before signs of tiredness appear.

The ideal hospital visitor, Miss Turner continues, is one who is inquisitive, neat, sympathetic but cheerful, discreet, and optimistic within reason.

Avoid commenting on the patient's appearance. Sick people are inclined to be sensitive. Just mention his sunny room or, best of all, plunge into an account of an amusing incident.

When you visit a sick person dress up. It pleases him to see you in your best.

Be inquisitive. If the patient wants to tell you what is the matter with him, what the doctor said, what the nurse said, be sympathetic and let him get it off his mind. If he doesn't mention his illness, don't refer to it.

Be optimistic but not so optimistic that it seems like a pose.

On the subject of gifts for the patient, Miss Turner says that flowers are appropriate but they make extra work for the nursing staff. Jars of jam and jelly may also become a problem for the nurse. She suggests a magazine as a gift difficult to equal. It doesn't fade. It doesn't melt on the sheet. If the patient doesn't care to read today, it remains crisp and inviting for tomorrow. It provides hours of entertainment. When it has been read from cover to cover, the nurse can trade it for the next room has finished.

Patients and nurses both appreciate the visitor who offers to do something that will set the patient's mind at rest such as making a phone call or writing a note for him. A gift of money to be used for something for his pleasure or convenience, such as a radio or telephone in his room, should prove most welcome.

When the patient returns home, the food is the inspired gift. Caring for a patient, shopping, and cooking can become a problem for the members of his household. It will help if your offer to do the shopping or to invite the youngsters to a movie for an afternoon.

Miss Turner concludes her article with the following admonition:

"After visiting a sick person be uninformative in answering questions concerning his condition. Your visit was not made to add to the information of the town gossip. Remember that the patient's care should be referred to the patients' family or to his doctor."

"Abide by the fifteen minute visiting rule even when the patient is home. Tell him something amusing and let him know he is missed. Arrange a future date for doing something pleasant together. Close your visit on a happy note and leave while your popularity is at its peak!"

SHOKAN

Shokan, Aug. 14—Paul Thyben and family of Long Island were callers in the village Monday. The Grossmann boarding house about 25 years ago.

Material now on the Telephone Company's lot includes a 20-foot steel I beam and two heavy steel posts, also brick for facing the new central building, floor timbers, studding and celotex insulation. Cable tubing has been set in the concrete foundation for use in running connections with the trunk line along Route 28 a few yards opposite the front side of the foundations.

The M. McGuire family of New York are occupying the James Carpenter camp during the month of August.

Improvements at the Walter S. Vanderbilt place on the mountain include new stone steps.

Emmett Swarthout, a native of the Back Brook section of Olive,

is spending a vacation at the Long-year House on the old state road.

August 13, 1938, a Democratic meeting, held under the auspices of the Olive Democratic Club, in the annual clambake and out-

ing of the Alfred Wallerstein family and friends was held Monday afternoon in the village center.

Another heavy shower struck this section late Monday afternoon and it rained steadily for nearly an hour. The shower took a lot of

people by surprise as it had been clouding up for several afternoons previously without any precipitation.

Charles Personous, who has been in the army four months, accom-

panied by his wife, is spending part of a furlough with relatives here. Charlie is stationed at a camp near Norfolk, Va., but expects to be transferred to the west coast in the near future.

Facts for Vets

(American Red Cross News Service)

Gerald C., was discharged from service because of a nervous condition. He filed a claim for disability at the time of his discharge, and subsequently was advised by the Veterans Administration that his disability was found to be service connected and that he was awarded a disability pension amounting to \$34.50 a month. He is applying to his local Red Cross chapter for financial assistance because he and his family including the three children can't live on \$34.50. He says that he has been forced to give up three jobs in three months because of "illness and inability to concentrate."

Gerald C. has a problem characteristic of a limited number of veterans. His need for financial help and the inadequacy of his pension, undoubtedly represent to him his first and most obvious problem. He possibly has other problems which he may or may not recognize. He may be ill and, therefore, in need of medical attention. He may never have found suitable employment or may need some type of counseling or training which, if available, would help him find his way.

The chapter worker also recognizes his need for immediate financial assistance but she does not lose sight of the fact that this need is caused by other situations which will have to be adjusted in order that the veteran will become self-supporting again.

As a matter of policy, chapter funds may be used to extend financial assistance on the basis of need to any veteran during the period of his transition from military service to civilian life. Each Red Cross chapter on a local basis determines the extent to which its resources will be made available for this purpose. In determining its policy each chapter will consider the available federal, state, and local resources, public and private, including those especially provided for veterans and their dependents.

Gerald C. may need the services of a number of these community and federal resources: the Veterans Administration, United States Employment Service, public welfare agencies, and local Red Cross chapters. In the light of these resources and the chapter's own financial assistance policy, the chapter will plan to assist the veteran in solving his problems.

Formerly a Navigation Aid Bureau, the Light House has been considered a "Lighthouse" in the State of New York Harbor and was under jurisdiction of the Light House Board.

Wrong Song Means Jail
Poland, (AP)—In Poland the "right" songs—or Barbara Wamska, a government worker, and Anna Smolenska, a hairdresser, have been accused of "teaching others" a little song insulting government and democracy, and the present structure of the Polish state.

Neighbors Give House
Cherry Valley, Ill. (AP)—Mrs. Rupert Baxter, a widow with six children, was notified she would have to move from the house she rented because it had been sold. She had no place to go. Word of her plight spread swiftly through this village of 600 population. Citizens contributed \$2,000, bought a lot and barn and converted the property into a neat five-room residence for her.

Demobilization Program of Navy

Ends September 1 Except Special Categories

Secretary of the Navy James Forrestal announced today that since V-J Day the Navy has demobilized from the commissioned and enlisted personnel of the Navy and Marine Corps, 3,324,620 persons. He further stated that during the month of August an additional 231,250 will be released from the service. This represents an aggregate of more than three and one-half million people demobilized from the Navy and Marine Corps from August 14, 1945, to September 1, 1946.

With two minor exceptions the Navy's demobilization program has gone entirely in accordance with the schedule. Recently it was announced that Medical Corps officers who received all or part of their medical education at government expense are required to serve 24 months on active duty as commissioned officers. The active duty requirement for Reserve Dental Corps officers is to be reduced from 36 to 30 months on September 1. This action was necessitated by a critical shortage in both branches.

In addition, Secretary Forrestal announced that all male hospital corpsmen with less than 18 months active duty service will be retained beyond September 1 because of the large number of war casualties remaining in naval hospitals.

The approximately 3,000 hospital corpsmen to be retained beyond September 1 will be released from their duty stations in sufficient time to reach separation activities for discharge at the expiration of 18 months of active duty. The reduction in the number of hospitalized veterans will permit all reserve corpsmen to be released by March 1, 1947. Approximately 500 will be released by October 1 and 500 on the first of each month thereafter.

Secretary Forrestal also announced today that under the revised Marine Corps program, all Marine inductees and reservists will be qualified for discharge October 1, 1946, regardless of length of service.

Summer School Enrollment Increased 80 Per Cent

Albany—Summer school enrollments in colleges and universities in New York state, which have averaged about 50,000 students for the past six years, increased by 80 per cent this summer, according to Dr. John S. Allen, director of the division of higher education, State Education Department. Sixty-seven colleges and universities this year have a total enrollment of 86,871 students. In addition, there are 3,100 students attending summer sessions at business and technical institutes and junior colleges, making a grand total of 90,000 students. Of this number, 45 per cent are veterans. The total number of men enrolled in summer session is 56,446.

Electrifying News
New York, (AP)—Hayfever victims and people who just don't like smoky, dusty rooms now can use a new device of the electronic age to purify living room air. The device (Raytheon Manufacturing Co.) draws air into a compartment where the dust or pollen is given a slight positive charge of electricity. Then the air passes between plates that have been given a negative charge of electricity, and the result is that all electrified particles settle on the plates.

Leaves From Boyle's Notebook

By JAMES DEVLIN
(For Hal Boyle)

Essen, Germany, Aug. 13 (AP)—Herr Stephan Dolata, Ruhr coal miner, used to weigh 170 pounds. He weighs 120 pounds now. He gets the rations of a heavy worker, but he turns most of them over to his wife and their two sons, 11 and eight years old. All four sleep in the same bed in their one-room "home," about 15 square feet in the basement of a brick building that formerly was a vegetable storage house.

The Dolata's living quarters were described by a British officer as "about average" for miners' families in this bomb-wrecked Ruhr industrial city. Some families fare better, some worse.

What Dolata and his fellow miners need—if they are to increase the output of Ruhr coal needed for next winter in Europe—is more food and homes.

In this they are backed up by British officials of the North German Coal Commission.

"It is understandable," said one, "for people to say 'the Germans started the war, let them starve.' But this isn't a case of pitying the Germans. It is just one of the ironies of war that if we are to have coal from German mines we must have miners who are fit to mine it."

At the Dolata home Frau Johanna Dolata apologized, not for its scant furnishings or the cramped room, but because she just had washed the cement floor and it still was wet. The place had one door and one window.

Frau Dolata displayed her furnishings: One bed, a small stove which burns either wood or coal, two portable wooden closets, one

wicker chair, two boxes that serve as chairs, a couple of pictures on the wall and a vase of blue and white flowers on the window sill. That was about the extent of their belongings. The Dolatas twice were bombed out of previous homes.

"How do four persons sleep in one bed?"

She smiled and shrugged. "What do you do for food?"

Frau Dolata, a gaunt, blonde woman, put her hand to her head and laughed heartily.

"Nicht," she said, using the Ger-

man word that sounds like "nix" and means about the same. It's not quite that bad. Her husband, as a heavy worker, gets between 3,000 and 3,500 calories a day. Frau Dolata and the children are supposed to get about 1,000 calories, the normal ration. She contended, however, that because of a lack of potatoes and cereals those on normal rations actually get about 700 calories a day.

Most of the family's rations go to the children, who also get food at school.

"My husband," she said, "lives almost entirely on three sandwiches a day he gets at the mine."

NEW TREATMENT CHASES PIN-WORMS

Millions have suffered in silence with the misery of Pin-Worms—but need suffer no longer! Today, thanks to a special, medically recognized drug, a highly effective treatment has been made possible. This drug is the vital ingredient in P.W., the Pin-Worm tablets developed in the laboratories of Dr. D. D. Jaffe & Son. The small, castor-oil-free P.W. tablets act in a special way to remove Pin-Worms and relieve that tormenting rectal itch. So, if you, your wife or child or yourself, ask your druggist for a package of JAFFE'S P.W. right away, and follow the directions. It's easy to remember: P.W. for Pin-Worms!

Miner Is Fustest
Bingham, Me. (AP)—An Alaskan mining engineer has discovered asbestos near this northern Maine timber town. Believed an extension of the 100 mile-distant Canadian Theford Mines, the asbestos vein runs through rock ledges that can be reached only by boat and a walk of several miles. The asbestos may be lifted out with a sharp instrument.

Food for Thought
Don't waste bread. Tree weeds, cottonseed hulls and times even mud are being used by starving Chinese in an effort to sustain life.

New Orleans—Want to sell a bridge in Columbia, buy Chinese frecklecreakers, or hire a Spanish-speaking nurse for your child? Call International House.

Maybe you're interested in exporting baby chicks to Ecuador, or shoes to Greece. -Or perhaps you're looking for a Latin dancing partner with plenty of stamina. It's still all in a day's work for this unique institution.

Sometimes the variety of activity surprises the practical New Orleans business men who organized International House about 14 months ago. Their prime object was in promoting foreign trade for the Mississippi valley through the city's booming port. But there are plenty of angles to trade promotion.

A TIP on a future homesite—Mario Bermudez, director of the Latin American department of International House, explains to Mr. and Mrs. Richard Hartmann of Florida some details of Colombia, where they expect to make their future home.

The Good Will Angle

For instance, there was the Argentine business woman making a trip throughout the United States and into Canada. She needed someone to go along and take care of her eight-month-old baby. International House found a Latin-American college girl with a summer vacation on her hands, eager to take the job.

A foreign business man said he couldn't sleep unless he danced for two hours straight before going to bed. He required a partner. A Spanish-speaking secretary was induced to try the assignment. She resigned, exhausted, after one night. This was one of International House's few failures.

The men behind International House realize that goodwill and understanding must go along with healthy trade. Hence they're willing to try to help when nobody is trying to buy or sell anything.

Business Purpose

Of course, most of the organization's activities are more directly related to business. For example, a bridge company in Nashville, Tenn., had been requested to quote a price on a span in Colombia, and asked International House for some pertinent data. By return mail the company received detailed reports on documents required, inland rail rates, ocean freight charges, forwarding fees and export packing procedure.

An Ecuadorian merchant wrote that he had built up a good business in importing American baby chicks but was having difficulty in finding strong, healthy specimens. He was placed in contact with a Chicago firm which is shipping the chicks to him. They arrive three days out of the egg.

Healing War's Trade Wounds

Many requests reflect the effects of war. A Greek importer needed a hundred thousand pairs of shoes, desperately. A Portuguese firm wished to establish a general export-import connection to replace one severed during the conflict. An American company sought to resume importation of Chinese frecklecreakers, but had lost track of its oriental contacts.

International House got the proper parties in touch with each other, and the deals were made.

The organization occupies a ten-story building in downtown New Orleans. Reference libraries, meeting rooms, a research staff, temporary office space and bi-lingual secretaries are at the service of international traders—and at no cost.

Members Pay the Bill

Not is there a charge for any of the other functions of International House. All expenses come from dues and fees paid by members who now number more than 1,000 individuals and firms of various types, in America and abroad.

The principal idea which International House seeks to instill throughout the Mississippi valley and in foreign countries is this—that most of the valley's foreign commerce can be handled more economically through gulf ports than through either seaboard, particularly in trade with Latin America.

The idea of International House seemed so good to groups in Amsterdam and Paris that full details of organization have been asked, with the object of setting up similar institutions in those cities.

Overthrow of LaFollette Due to His Isolationist Stand, Not Because He Was Unfriendly Towards Labor

By DAVID LAWRENCE

Washington, Aug. 15—Senator Bob LaFollette was beaten by a split in the labor vote. Yet no man in public life has been a better friend in Congress of labor union legislation than the senior senator from Wisconsin.

For many years now the name LaFollette has been attached to or has been prominent in the sponsorship of labor legislation in Congress. When the time came, however, to support the present senator for re-election, many labor organizations went over into the Democratic party and this was just enough to defeat him by a close margin.

When he came from the rest of the state to Milwaukee with an almost evenly divided vote, that city was expected to give LaFollette a sizable majority. Milwaukee is a labor union center and in the last election Senator Wiley, Republican, had a big majority through-out the state with which to overcome the pro-labor vote given his Democratic opponent.

It was in the Democratic primary that Senator LaFollette was eliminated, and this was done by labor voters who left the Republican primary to vote in the Democratic primary, thus curtailing considerably the total vote. It is said that only about 35 per cent of the qualified Republican voters participated in the primary.

Why were there any labor votes against LaFollette? The truth is that these were not votes cast on labor issues at all but on international questions. Senator LaFollette has voted with the isolationist side, and he is being punished by the internationalist element among labor unions. The same thing happened in 1944 to Senator James J. Davis, of Pennsylvania, who had a record of voting for every piece of labor legislation that the unions wanted during his entire career. But he happened to be on the isolationist side and hence a big part of the labor union vote was manipulated against him, and he lost the contest.

It is absurd for some of the Democratic politicians in Washington now to contend that the Republican party would not harbor Senator LaFollette and that the primary election in Wisconsin has demonstrated a Progressive to be unwelcome. Many eulogies are already being spoken by Democratic senators about Senator La-

Follette and his loss to the Senate, but the Associated Press reports from Milwaukee: "Democratic forces were believed to have helped defeat Senator LaFollette in Milwaukee county. The state Democratic organization worked against the senator and its national committeeman, Robert Tehan of Milwaukee, denounced him frequently after the Progressives disbanded their party at a convention and voted to join the Republicans."

So it was the Democratic influence which kept LaFollette from winning the Republican nomination and deprived him of his opportunity to bring Progressive influence to bear in the Republican party in the state of Wisconsin. The senator lost by less than 7,000 votes, and it is said that fully 60,000 votes in Kenosha, Racine and Milwaukee which would normally have been cast for LaFollette went into the Democratic primary.

The utility of this strategy of the Democratic chieftains is apparent when it is considered that the state is overwhelmingly Republican anyway and that the Democrats have no chance to elect a senator this autumn despite the confident boasts of some Democratic spokesmen who haven't observed how small a proportion of the registered vote is Democratic.

The only way the Democratic nominee could win this time would be if Senator LaFollette ran as an independent and split the Republican vote, which he isn't likely to do, as that would merely mean that he would be helping the Democrats to a victory which they themselves took from him.

This correspondent has not agreed with Senator LaFollette's views on foreign policy but believes that the Wisconsin senator is one of the most useful members of congress to have served in the last 20 years, and it is regrettable that petty politics in the Democratic ranks took away such an able man from the U. S. Senate.

Noise Annoys

Newburgh, N. Y., Aug. 15 (AP).—The city council has instructed Corporation Counsel Daniel Becker to search the statutes for a law against roosters' crowing and noisy wedding motorcades. If he can't find one, he is to draw up an ordinance outlawing same because residents have complained of being awakened.

But the question is: Who will tell the roosters?

80th Encampment May Draw Scant Corporal's Guard

Seattle, Wash., Aug. 15 (AP)—The Grand Army of the Republic is expected to draw a scant guard of 86 members when it holds its 80th annual encampment in Indianapolis, Aug. 25 to 30.

With each passing year thinning its ranks—15 veterans have died since the first of the year—

the once huge veterans organization probably will be represented by less than the 13 members who attended the 79th encampment in Columbus, Ohio, last year. The United Confederate Veterans held their last reunion in 1940.

There will be a parade and the United States Marine Band—transferred to the G. A. R. encampment—will play. The G. A. R. numbered more than 300,000 in its peak year in 1890,

and its 86 survivors are not the only Union veterans surviving. Probably there are as many more who do not belong to the organization.

Only one state, California, has as many as ten and a majority of the states have no surviving members.

A list of surviving members compiled by Secretary C. P. Gill was of August 1, included: James A. Hard, Rochester, Robert M. Rowland, Ripley, past commander-in-chief, Joseph Chism, Rome, and Jacob Lester, Binghamton.

Ordered Expelled

Rome, Aug. 15 (AP)—A Yugoslav Army major has been ordered expelled from the territory under the U. S. Army's Sixth Division in Venezuela because of his "violent and threatening manner" toward the commanding general, Allied Headquarters announced last night. The headquarters statement said Maj. Gen. Elmer W. Moore, division commander, had ordered the expulsion of Yugoslav Commander Maj. Despot.

Beauty Trains on Steaks

Philadelphia, Aug. 15 (AP)—The gal who'll wear Philadelphia's colors in the "Miss America" contest says she trained on steaks. Ginny Brown, 18, blue-eyed with reddish-brown hair, won the "Miss Greater Philadelphia" title last night. "I didn't think I had a chance," the Drexel Hill (Pa.) dramatic student said, "so I ate two steaks just before the judging began. They were wonderful steaks."

Troops Are Healthier

Yokohama, Aug. 15 (AP)—U. S. troops in Japan become healthier as the occupation progresses. Eighth Army hospital commanders and surgeons reported today that there has been a general decrease in disease and hospitalizations, particularly since December.

wanda and Camp Kingston for special donations to the financial success of the venture.

The members present at the meeting gave Chairman Atkins a rousing vote of thanks for his initiation of the fireworks activity and to the members of the post who worked so diligently for the success of it. The fireworks are planned as an annual activity of the post with the possibility of a greatly expanded program for next year.

Planning Charter Night

It was decided to hold a Charter Night party for members of the post, their relatives and guests, as soon as the permanent charter is known to be ready. It is expected this will be sometime in September or October and since the receiving of the permanent charter is the big event in any post's history, it is hoped to make the affair a memorable one. Plans for a dinner dance are being discussed and with the ladies present the subject of a Ladies Auxiliary will be outlined. It is hoped to secure one of the newly elected New York State Department officers for the presentation of the charter.

The second annual card party of the post is also being planned. Last year's affair was hailed as one of the best parties of its kind ever held in this vicinity and efforts will be made to make the second one equally outstanding. The event is planned for the middle of November with the date to be selected later. The committee will be composed by Commander Henry in the near future so that plans may be made.

May Hold Ball in March

The subject of a Victory Ball was discussed and due to the Charter Night party and card party planned for this fall, it was deemed advisable to defer the staging of a ball until later. March 15th, the birthday of the Legion, was discussed as a tentative date.

Many other Legion matters were discussed, including the objective of the post to secure a building of its own as clubrooms and veterans' headquarters in the town of Esopus. Definite plans along these lines are hoped to be realized during the course of the year. A communication from national headquarters was read advising that all Legion posts would be headquarters for applications for terminal pay and forms are being forwarded to each post so that they may assist the veteran in making his or her application. National headquarters also advised the Legion is proposing that August 14 be proclaimed as Victory Day of World War 2. August 14 is the anniversary of the date on which Japan capitulated, following the earlier surrender of Germany. Since the communication had been received too late for any action by the post, all of the members were urged to fly the national colors on that date. A communication was received from the Auringer family, expressing their gratitude for the participation of the post in the funeral services for their late comrade, Nicholas P. Auringer.

Commander Henry announced the following committees for the coming year: Membership—Commander R. J. Henry, Thomas J. Morrissey, Kenneth J. Krom, Edward Bailey, Louis C. Goodrich, Charles Schoonmaker, Robert Doyle and Vice-Commander Gerard Murphy; Legal—Roscoe V. Elsworth, Service Officer—Past Commander P. J. Beichert, Child Welfare—Clementine H. Mercer, Post Activities—Robert Doyle, Milton C. Carpenter and Joseph A. Stadt, Athletic—John Conglio, Americanism—Past Adjutant D. H. Dunbar, Grates Registration—Sgt. at Arms Henry A. Deane, Finance Committee—Post Finance Officer J. Wilson Timme, Audit—Wilbur J. Matthews and John A. Henry, Color Guard—Sgt. at Arms Oakley C. Maynard, Disaster Relief—Louis C. Goodrich, Trustees—Benjamin R. Williams, Charles Elmendorf and Fred R. Maurer, Building Committee—Commander Robert J. Henry, William H. Clark, Charles Elmendorf, Kenneth N. Boyce, Past Vice-Commander H. M. Cameron, John T. Flaherty, Past Adjutant D. H. Dunbar, Edwin T. Doyle, Robert T. Fauthner, Louis C. Goodrich, John T. Groves, John A. Henry, Thomas J. Morrissey, Kenneth J. Krom, Herman Sutsky, Past Finance Officer Alfred V. Schoonmaker, Earl O. Terwilliger, Harry B. Van Orman and Past Postmaster P. J. Beichert.

The name of the former Virginia A. Williams of Ulster Park, now Mrs. William C. Robinson of Albany, was drawn for the attendance prize. But unfortunately Mrs. Robinson, who served in the Navy Nurse Corps, was not present to claim the \$5 and a \$2 more goes over to the next meeting.

A list of members who made a special donation was presented to the retiring commander, P. J. Beichert. Past Commander Beichert thanked the members for their splendid cooperation during the past year and asked that the same be accorded to the new commander.

Refreshments were served after the meeting under the direction of Post Activities Chairman Robert Doyle, and a social hour enjoyed. There were no members at the post in attendance at the meeting.

Home Bureau Educational Exhibit at Fair August 21

The educational exhibit of the Ulster County Home Bureau to be shown at the County Fair at Fort 5th Park in Kingston on August 21 will cover four projects of the year's program.

Since ironing is one of the tasks least enjoyed by homemakers, the demonstration on ironing a shirt which reduces the amount of time and energy this job usually requires, will be of special interest to women visitors. Demonstrations will be given at 11 a. m. and 2 p. m. in the pavilion.

A collection of refinished articles showing various kinds of wood with natural finishes will be on display. In addition an exhibit of stenciled furniture will be shown.

including chairs in the process and a completed chair. The making of hooked mats is the preparatory step to making hooked rugs and was included in the past year's program. An exhibit of these mats will show the methods of hooking and designs created by the women.

Since hand made leather gloves filled a need for homemakers at a small cost the exhibit of the Home Bureau will include a display showing the steps involved. Local leaders will be present to explain the various exhibits, which may be seen from 10 a. m. to 5 p. m. at the pavilion.

Nation Amidst Greatest Crisis, Says McCormick

Democrats Run by P.A.C.
He Asserts, G.O.P. by
Millionaires Mad
for Money

Springfield, Ill., Aug. 15 (AP)—Col. Robert R. McCormick declared today "the Communist dominated party" and "money mad millionaires dominate the Republican party in most of the eastern states."

HARD-TO-REMOVE PAINFUL CORNS GO

WEBER'S PHARMACY

nois state fair, the editor and publisher of the Chicago Tribune added:

"That is why I say to you that we are meeting here in Illinois in the greatest crisis of the nation's history."

Must Go Back to Lincoln
"Unless we take up the flag that Lincoln raised here 80 years ago—unless we can call to our ranks the states of the Northwest Territory, and with them organize the freedom loving people of the other states and overcome the corruption and its conspirators, our nation of the people, by the people, for the people, will perish from the earth."

The "money mad millionaires," he asserted, "are fertile in expedients, which was shown by the nomination of Wendell Willkie and Dewey, nominations made to prevent the election of a Republican president."

"They think that they can bring about the nomination of another renegade westerner by scaring us with the atom bomb, by employing preachers of hypocrisy and by political manipulation."

Politics Led U. S. Into War
Colonel McCormick said "there is now no doubt whatever" that the late President Roosevelt "and his anti-American cabinet chosen to control the Republican national convention in 1940" led the United States into war.

SOVIET BLACK SEA PROPOSAL

Russia's foreign office, in a note to Turkey, has proposed that only Black Sea powers (shaded) should control the Dardanelles. The Soviet proposed a new agreement for control of the straits to replace the 1936 Montreux convention, participated in by Russia, Turkey, Bulgaria, Romania, Britain, France, Yugoslavia, Greece and Japan. (AP map)

The World Today

By J. M. ROBERTS, JR.

(A.P. Foreign Affairs Analyst)

Great Britain, riddled by war, experimenting with a new governmental system at home and striving mightily to save the economic position abroad without which she would be reduced to an obscure little island, finds herself surrounded today by an almost incredible number of harassments.

There have been darker hours for her, perhaps, when she stood alone against possible annihilation by the Spaniards, Napoleon, and Adolf Hitler, when courage and determination were her saving weapons and moment to moment existence her only goal, but for pure, downright cussed situations it is hard to recall when any nation was so beset.

She is carrying the main load in efforts to maintain her own and Dutch interests in Indonesia. She is trying to reorganize the Malaya and Burma on a friendly basis in re-establishing her control of the great southeast Asia bottleneck at Singapore. She is trying to get the Indians off her neck and onto their own feet, at the same time preserving some of the interests which she has developed there over the years. She is battling toe-to-toe at Paris, in London and in Vienna against establishment of a one-power control over Europe which would have her at its mercy. She is trying to balance the needs of existence at home against the necessity for trade abroad. And in the Middle East the Arabs and Jews, Russians and Persians, Greek Leftists and Egyptians, all are

trying to push her out. And it is here in this ancient crossroads of the world that commercial and military interests alike demand that she stand beyond fail.

This involves military bases and seaports—military bases in lands which she does not actually own, and seaports which are almost entirely dependent on middle eastern oil.

If Britain is to get out of Egypt, as seems inevitable, she must have bases at Benghazi and Tobruk, and in Palestine to guard the Suez and the pipelines from Mosul. The Arabs want Benghazi and Tobruk, though, and the Jews and Arabs want Palestine. Britain has met a part of this problem by transforming Transjordan into an independent military base, but this is insufficient to meet any general threat which might be developed among the Iraqis, the Kurds and Arabs of Iraq and Iran. Here the great Mosul and Abadan oil fields, largely owned by the British Admiralty, are at stake.

In all this area Turkey alone appears to be a British ally. Time unflinching Turkish stand against any westward encroachment by Russia on the Dardanelles and the eastern Mediterranean is the one bright spot in the British picture. The friendship of the Greek government is, for the moment at least, a dash rather than a support, although Greece does stand as a buffer between Russia and further impingement of the British lifeline.

John Bull's friends are in the habit of expecting him to "muddle through," but he is in a muddle this time in which, every way he turns, he steps on someone's toes.

Local Death Record

Michael A. Canty, a former resident of Sawkill, died Sunday in New York city after a protracted illness. He was the son of the late Patrick and Mary Connors Canty. He is survived by his wife, a son, John and two daughters, Mary Canty and Mrs. Henry Barrera, three brothers, John, Jeremiah and William and a sister, Mrs. August Rober. The funeral will be held Friday morning at 9 o'clock from the James M. Murphy Funeral Home and at St. Ann's Church, Sawkill, where a Mass of requiem will be offered. Burial will be in St. Ann's cemetery.

Thomas J. Holmes, well-known resident of this city, died early this morning following a short illness. He was employed by the Edward T. McGill Corporation for many years. Mr. Holmes was born in Ireland the son of the late Thomas J. and Mary Coyne Holmes of County Galway, Ireland. Surviving are three brothers, the Rev. Bro. Conan, C.B., and Michael of New York city; and James of Ireland; five sisters, Mrs. Rose Finnerty, Mrs. Sarah Reinhardt and Mrs. Anthony Reinhardt of this city; and Mrs. Mary Spellman and Mrs. John Nestor of America.

Going After Silver

Manila, Aug. 15 (AP)—Victor Berge, widely known South Seas pearl operator, hopes to recover \$10,000,000 in Philippine silver from the bottom of Manila Bay. Berge said today President Roxas had granted him permission to attempt to recover the silver dumped approximately a mile east of Corregidor shortly before the Japanese entered Manila January 2, 1942. A total of \$17,000,000 in pesos and smaller coins was dumped, but the Japanese recovered nearly 1,000,000 worth and U. S. Navy salvage crews recovered more than \$5,000,000 last year.

Fraud, Not Stabilization

Washington, Aug. 15 (AP)—C.I.O. President Philip Murray declared today that "labor cannot continue to participate in a stabilization program in which wages are rolled back while at the same time increases in the cost of living become a daily occurrence." "A stabilization program which means curbs on wage increases and soaring price increases," he said, "is not a stabilization program but a fraud."

Treasury Receipts

Washington, Aug. 15 (AP)—The position of the treasury August 13: Receipts \$217,988,446.35. Expenditures \$225,248,081.61. Balance \$10,973,073.275.59. Customs receipts for month \$16,900,622.00. Receipts fiscal year July 1 \$3,562,932,914.65. Expenditures fiscal year \$4,934,672,762.22. Excess of expenditures \$1,371,729,847.57. Total debt \$267,621,490,717.68. Increase over previous day \$11,734,962.58. Gold assets \$20,268,391,564.75.

No Conciliation Move Yet

New York, Aug. 15 (AP)—No effort to resume conciliation efforts in the strike of American Communications Association (C.I.O.) against Press Wireless, Inc., will be made this week, but might be made early next week, after "another angle" has been explored. H. Ross Colwell, regional director of the conciliation service of the U. S. Department of Labor, said today.

Two Dead in Cells

New York, Aug. 15 (AP)—Two prisoners were found dead today in their cells at city prison, and a Beekman Hospital surgeon said death apparently was due to natural causes. The men were identified as Edward Symmons, 38, of Brooklyn, and Thomas Maloney, 51, of Manhattan. An autopsy was ordered.

Turkeys are related to pheasants and, in three species, were found wild from Maine to South America.

Pravda Criticizes Secretary Byrnes

Communist Organ Says
He Is Highhanded and
Undemocratic

Moscow, Aug. 15 (AP)—Pravda, Communist party organ, today described as highhanded, undemocratic and undignified U. S. Secretary of State James F. Byrnes' technique in presiding over the Paris Peace Conference.

L. Riabov, in an article titled "Democracy in Byrnes' Manner," said that Byrnes had tried to block discussion of the Italian issue by Russia and had backed down only on the insistence of Andrei Y. Vishinsky, Russian deputy foreign minister, who produced the minutes of the previous day's session to show Byrnes' attitude was unjustified.

"The head of the American delegation imagined himself the master of the conference," the Pravda article said. "He thought he was allowed to do anything. Democra-

cy by Byrnes—he started putting it into effect by violating the elementary rules for participants in the conference."

Riabov continued: "Mr. Byrnes forgot that he was presiding at an international conference, not a meeting in the state department on the affairs of Panama and Honduras, where he could remove his coat and put his feet on the table. He forgot that he was chairman of a conference attended by representatives of sovereign, independent powers and not the usual clients of the Anglo-American bloc. Byrnes understands the role of chairman as the role of some provincial prince."

Riabov said that the British delegation gave Byrnes ardent but clumsy support that failed to ease his discomfort.

"Byrnes got into that unpleasant, unworthy position through his own fault," the article said. "Let us be sorry for him."

The petroleum industry is expected to be spending some \$10,000,000 annually on industrial research within the next few years.

Uster Farmer May Ask Additional Limestone

Uster county farmers may now request additional shipments of limestone. This should write or phone the Uster County Agricultural Conservation Association, 51 John street, Kingston.

Any farmer who has permitted on the 1946 Agricultural Conservation program is eligible. With 75 per cent of the actual farm enrolled, this offer means a real help to the county.

Not all soils need liming but layer cake. Rub moistened coco soil, several days prior to the application, between your fingers to without plenty of lime in the soil, spread color evenly.

some of the vegetables we eat may be sadly lacking in food value. Cows too need large amounts of lime to produce milk which is an important source of calcium for humans. Clover and alfalfa provide cows with this lime, which all of us need.

Lime stone is water soluble and is lost in soils through erosion. We must replace this loss if our soils are to remain productive.

Topping Layer Cakes

Add a dash of maraschino cherry juice to coconut before topping a layer cake. Rub moistened coco soil, several days prior to the application, between your fingers to without plenty of lime in the soil, spread color evenly.

Diplomatic Ghosts at Peace Parley

(A.P. Newsfeatures)

JACQUES ARMAND-PREVOST
Paris. If ghosts of bygone peace-makers are interested in the tenuous and new truce that their successors contrive there must be many a cold breath down the necks of the delegates at the 12th conference in historic Luxembourg Palace.

Another famous peace conference aspiring to relocate European boundaries was held in the ornate salons of the Luxembourg 119 years ago with one of the world's great powers saying "No" to admission of Austria.

That power was Napoleon Bonaparte, trying to hand at such prices as Trieste and Istria, the left bank of the Rhine, strategic islands in the Mediterranean and territory now lumped in Yugoslavia.

Talleyrand Urged Caution
Maurice de Talleyrand-Perigord came to that conference from exile in the United States, and his message from the west was in effect "take it easy." If Talleyrand's ghost looks in today the walls of the c' Luxembourg might echo ever so faintly the warning he gave Napoleon.

"True greatness is one which limits itself, true strength, one which moderates itself."

But Napoleon held the veto of the day said "No" and made secret treaties with Austria to suit himself.

Of course, the ghost of Talleyrand would be only one of many that could crowd the peace conference galleries. In fact the Luxembourg and its famous gardens have enjoyed a reputation of being haunted from the beginning of their opera-bouffe history.

Wraiths identified with the place could shatter the night with a crash of medieval sabres, scatter powder from vigs of the old regime, rattle chains of the French Revolution and rise to a crescendo of Nazi machine guns, for the Luxembourg has known them all.

When this part of Paris still was countryside beyond the limits of the old city, a sinister abandoned Chateau de Vauvert occupied the property. At night the wretched farmers heard eerie festivities in the mysterious castle and many believed the ghost of the lord of Vauvert had returned for nocturnal orgies. Others maintained that a gang of crooks were using the abandoned chateau for their headquarters and were celebrating frequent holdups.

The place soon acquired such a fearful reputation that King Louis XI ordered the castle demolished. It promptly was purchased at a most modest price by the monks of Chartreuse. Tlien Parisians said the ghosts had been invented by the monks to drive a good bargain.

Eventually the Duc de Piney-

SHADES of Napoleon and Talleyrand smile on the Big Four.

Luxembourg bought the property. He built a new chateau and improved the grounds so well that the place became permanently identified with his name.

By the beginning of the 17th century the property emerged from the woods and vineyards of the south suburbs of Paris and Henry IV's second wife, the Italian-born queen Marie de Medici, becoming a widow, bought the land and built the present Luxembourg Palace.

Decorated by Rubens
Marie, sponsor of Richelieu, had the palace decorated by Rubens, Poussin and Philippe de Champaigne, but she did not live there long. Her son, Louis XIII, sent her into exile after she plotted against him several times.

Marie then gave the Luxembourg to another son, Gaston, the Duc de Orleans, who sold it to the duchess of Montpensier, the famous "Grande Mademoiselle" of the Fronde riots. Finally the Count of Provence, who later became Louis XVIII, lived there and at the beginning of the French

Revolution managed to escape while his brother Louis XVI was arrested.

The escape of the Count was one of many melodramatic events of the old Luxembourg. He walked upstairs to his room, changed the color of his eyebrows, put on a different wig and walked out unrecognized, while Gen. Lafayette arrived too late to catch him.

The palace was turned into a munitions factory and small arms were made where the peace-makers deliberate today. Then the building was used as a prison for political leaders. Danton, Camille Desmoulins, the painter David, the poet Fabre d'Eglantine, the American Thomas Paine, and Gen. de Beauharnais, some of whom ascended the guillotine, were among the Luxembourg's prisoners.

Napoleon installed his Senate in the palace and after the establishment of the Third Republic the Luxembourg became the permanent seat of the French Senate.

the Luftwaffe made this present peace palace its headquarters for western Europe. Behind 30 tanks and 150 men they held out in the Luxembourg as their last stronghold during the liberation two years ago.

Federal Grants Made Available To Help Wildlife

Washington, Aug. 15 (AP)—The Fish and Wildlife Service today made \$2,260,000 available to the states for the restoration and development of their wildlife resources.

In order to obtain the federal grants, the states must contribute 25 per cent of the cost of projects. All projects must be approved by the Fish and Wildlife Service.

The federal funds are apportioned to the states under the Pittman-Robertson Act on the basis of land area and the number of hunting license holders in each state.

Funds come from an 11 per cent excise tax on sporting arms and ammunition, but the money can be spent only when appropriated by congress. For the current fiscal year, congress appropriated \$2,500,000 of the \$15,987,468 on hand in the special fund.

The Fish and Wildlife Service will use \$200,000 of this year's apportionment to administer the

program. Another \$40,000 will be used for wildlife restoration projects in territories and possessions. The remaining \$2,260,000 was apportioned to the states including Connecticut, \$6,526; New Jersey, \$20,238; New York, \$93,508.

Rossi Music Shop Damaged by Water

Shortly after 10 o'clock last night as a man was walking through John street he discovered

that water was seeping from the ceiling in the Rossi Music Shop at 38½ John street, and notified the police.

Officer Harry Martin investigated and found the water was coming from an overflowing pipe in a lavatory on the second floor of the building. Damage to the Rossi store was slight.

Mr. and Mrs. Rossi, who were attending the performance at the Kingston Theatre were notified by Officer Martin.

Put Nails on Road
The sheriff's office has completed an investigation of complaints filed by Sleightsburgh residents that small children playing on top of the Sleightsburgh hill have been planting tacks and nails on the road, causing flat tires on trucks and cars. The young children have been reprimanded and turned over to their parents.

Kentucky Derby after 1937 because of his health, he listened to radio broadcasts of the races with close friends.

His Derby winners included Be-have Yourself in 1921, Bubbling Over in 1926, Burgoon King in 1932 and Broker's Tip in 1933. His entries ran one-two in the Kentucky Derbies of 1921 and 1926.

His last effort to win the Derby for a fifth time was made in 1945 with Burning Dream, which finished ninth. Bimelich, another Bradley hopeful, finished second in the 1940 Derby.

Col. Bradley built his fortune on successful real estate operations and wise investments, including the elaborate casino at Palm Beach, Fla., which he disposed of a year or so ago.

He was born at Johnstown, Pa., on December 12, 1859. During his early years he worked in the steel mills of that area but left home as a young man to seek his fortune in the west. He worked as a gold miner, a cowboy and as a

scout for Gen. Nelson A. Miles when the latter was warring on the Apache Indians.

Mrs. Bradley, the former Miss Agnes C. Curry, died in 1926 while on a cruise of the China Sea and Col. Bradley never remarried.

Ideas For Boys

New York, Aug. 15 (AP)—Col. E. R. Bradley, who died today, had no sons of his own but he had definite ideas on how they should be reared to make them successful citizens. He formulated for a friend what he termed the four principles on which he believed a boy should be educated for the world and laid them down in the order of their importance:

That his mother teach him a sound religion from her knee from the age of two to 12 so that the fear of God would be instilled into his heart.

That he learn to box. Not to develop him into a bully but to know that he can take care of himself with his hands and not have to be afraid of anyone hurting himself physically.

That he be taught never to lie under any circumstances, one who will not lie will not steal or do anything to injure another.

That he learn arithmetic. Then, when others are talking, he can be thinking in the terms of figures and percentages. This will insure his financial success.

New York Has 50 Primary Contests

and untrue," adjudged him in criminal contempt and sentenced him to 10 days in jail and fined him \$250.

The Appellate Division, third department, reversed Imrie unanimously. Subsequently the Assembly adopted unanimously the report of its Judiciary Committee, also unanimous, accepting the Appellate Court decision as final. Steingut himself, and the Citizens Union of New York had asked the Assembly to investigate his Democratic leader.

Steingut has the endorsement of Mayor William O'Dwyer, who got his political start in Brooklyn.

While this duel is being fought in Brooklyn, across the East river Representative Baldwin is striving to turn back the Republican organization choice for his job, State Senator Frederic R. Couderf, Jr.

Special interest is attached to this feud because it involves Governor Dewey. He votes in the silk stocking district and his New York county political lieutenant, Secretary of State Thomas J. Curran, is a leader of the forces back to Couderf, a prosperous lawyer and a World War I veteran.

The "main go" update finds Rep. Augustus W. Bennett of Newburgh and Mrs. Katharine St. George of Tuxedo Park scrapping for the Republican nomination in the 29th Congressional District embracing Rockland, Orange, Sullivan and Delaware counties. One of the chief backers of Mrs. St. George, a cousin of the late President Franklin D. Roosevelt, is former Rep. Hamilton Fish.

Bennet, with the help of the Democrats and three minor parties, defeated Fish two years ago on the isolationist issue. Fish favored non-intervention in World War 2.

Contests Upstate

Six other congressional contests will enliven Republican primary voting upstate. Carrollton A. Roberts, Geneva lawyer, has taken on the veteran Rep. John Taber of Auburn in the 38th District, comprising Cortland, Cayuga, Seneca, Yates, Wayne and Ontario counties.

In the adjacent 39th consisting of Schuyler, Chemung, Tioga, Tompkins and Steuben counties, F. Clifton White is trying to unseat the incumbent, Rep. W. Sterling Cole.

Heavy G.O.P. firing, however, centers in western New York. Rep. Walter G. Andrews is opposed in the 42nd District (Niagara county and part of Erie county) by William Haessler, Jr.; Erie's two oth-

er incumbent members of the House, Edward Haessler of the 43rd and John C. Butler of the 44th, are being fought by George J. Young and Kenneth O'Hara, respectively. O'Hara also is in a four-cornered fight for the Democratic nomination.

In the 45th, Carl W. Lundberg is trying to retire Rep. Daniel A. Reed with the G.O.P. primary. Chautauque, Cattaraugus and Allegany counties make up the district.

W. Kingsland Macy, former Republican state chairman and now a state senator and member of the Board of Regents, is unopposed for his party's nomination for representative of the First Congressional District, which embraces Suffolk county and part of Nassau.

Two Democratic assemblymen also are trying to climb to Congress—Daniel Flynn, outspoken legislative critic of Dewey, and Frank A. Emma of Utica. Flynn is in a four-way feud in New York city's 21st District. Emma is unopposed in the normally Republican 35th, consisting of Oneida and Oswego counties.

Principal upstate interest in a smattering of state senate primary contests centers on the G.O.P. races between incumbent Arthur H. Wicks and Elva Goss in the 34th, composed of Ulster, Greene, Sullivan and Delaware counties; incumbent William Bowley and Harold Altro in the 52nd District, made up of Niagara and Olean counties; Byron A. Inderbitzen and incumbent Edmund P. Radwin in Erie county's 54th District.

Senator Lowell H. Brown, who bills himself as a Republican-American Labor partyite and who in the past has had the endorsement of both of these parties, has been denied G.O.P. organization rededication in the 28th (Bronx) District. Organization Republicans have designated Charles V. Swanlow.

Although acceptance of A.L.P. endorsements by Republican candidates is reported to be contrary to the policy of the G.O.P. state organization and the G.O.P. or-

ganizations in Manhattan, the Bronx and Queens, several Republican candidates are unopposed in both primaries.

Among them are Assemblyman Hamlet O. Catenaccio of the 16th Manhattan District, the veteran Assemblyman Robert J. Crews of the Sixth Kings District, and Assemblyman Lewis W. Olliffe of the 10th Kings District.

Significantly, not a single Bronx Democratic candidate for Congress or the legislature is on the A.L.P. ticket. This is in line with the reported determination of Democratic Bronx Boss Edward J. Flynn to have no truck with the Labor party.

Procter & Gamble's drest brings you

FASTER, BRIGHTER,

SAFER CLEANING

than any suds before in history!

Dishes Shine Without Wiping!

It's a Fact! No soap in the world performs the miracles Drest performs in your dishpan. It makes dishes shine—even without wiping!

No Streaks! Drest's amazing suds rinse clean and clear—leave no greasy streaks or cloudiness the way all soaps do. Even glasses sparkle without touching a towel to them. And Drest is kind to hands!

AT YOUR DEALER'S

The demand for Drest is tremendous. If your dealer is out of Drest, please be patient—there will be more Drest soon.

Trade mark reg. U. S. Pat. Off. A Hygienic Product

Stockings

LOOK LOVELIER THAN WITH ANY SOAP

Drest suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay new-looking far longer than with any soap. What's more—nightly Drest-washing prolongs stocking life—gives noticeably longer wear!

New Woolens

WASH SOFTER AND FLUFFIER THAN EVER BEFORE!

When washed in Drest suds your precious woolens are a joy to look at—a delight to feel! No soapy deposit to coarsen woolens and dim their colors. Your lovely new sweaters and baby things wash softer and fluffier than with even expensive soap flakes!

drest

works wonders no soap in the world can match!

- No Soap-Fading! Now you can wash stockings, lingerie, woolens—knowing that with Drest there's no cloudy film to cause soap-fading!
- Dishes Shine—Even Without Wiping! With Drest no dish towel is needed for wiping or polishing. Dishes and glasses fairly sparkle!
- Instant Suds—More Suds! In cool water, in hardest water—Drest suds billow up instantly. And Drest suds last so long!

Will Pay Tax

New York Aug. 15 (AP)—Frank J. S. "retired" bookkeeper, prepared today to pay the \$100 tax which New York city assesses on gross business income since 1934. Erickson, long a resident around New York city, issued a statement today. "Frankly, I am tired of paying this tax even though I am convinced there is no legal way for it."

Professional Folk Meet to Organize Independent Body

Will Deal With Culture and Politics of Nation From Local Standpoint

More than 50 residents of several Ulster county communities, including Kingston, attended the organizational meeting of the Independent Citizens' Committee of the Arts, Sciences and Professions, Inc., Wednesday night, in the studio of Mrs. Julia Learycraft at Woodstock, where they discussed at length the aims and purposes of the association.

Mrs. Learycraft as chairman read the five point program of the comparatively new I.C.C.A.S.P. formed in January, 1945, under the leadership of Jo Davidson, with headquarters in the Hotel Astor, New York city.

Five-Point Program
In its five-point program, the organization stands for international security; for full employment; to end racial discrimination and achieve equal opportunities for all; to extend democracy, especially by the abolition of the poll tax; and for a greater program of public health and an increase of educational, scientific and cultural facilities throughout the country.

Around this program, it was revealed, there have rallied 15,000 men and women in the fields of the arts, sciences and professions in New York, California, Illinois, Maryland, Massachusetts, Connecticut, Washington, Colorado, Minnesota, Pennsylvania, Michigan, Ohio, Rhode Island and New Hampshire.

Committee Named
Members of a temporary executive committee appointed at last night's meeting to serve under Mrs. Learycraft as chairman are: Ethel Magafan Currie, secretary; Mrs. Joseph Forman, treasurer; Miss Isabel Dougherty, Mrs. Helen Butterick and Mrs. Philip Fitzpatrick.

In attendance at the Woodstock session to form an Ulster county chapter there were scientists, law-

yers, physicians, clergymen, artists and educators.

A resolution was passed directing Attorney Charles de la Vergne of Kingston to prepare a constitution and by-laws for the local chapter to be presented to the national headquarters in New York for approval. It will be voted on for adoption at the next meeting of the Ulster county group. A definite date has not been set.

As soon as the preliminary organizational matters have been completed it is probable that a giant rally will be held for Ulster county residents from Kingston, Saugerties, Ellenville, New Paltz and other communities.

For Big Three Unity
It was pointed out that since the organization of United Nations, I.C.C.A.S.P. has consistently worked for the strengthening and the restoration of the principle of Big Three Unity within the U.N. Security Council . . . and demanding that the United States immediately sever relations with Franco's Spain, and recognize the Republic as the form of government there.

A pamphlet of the I.C.C.A.S.P. states: "As the public discussion over atomic power has been intensified, many scientists have been working with this organization on our program calling for a policy of international cooperation and for a domestic policy of civilian control which will permit the liberal promotion of scientific research."

"All through our work, we have been concerned with raising the standards of American culture and utilizing that culture to further international cooperation."

"Recognizing the importance of mobilizing the independent voters for organized political action on legislation and in the 1946 elections, I.C.C.A.S.P. began last January to enlarge its staff toward that end, by appointing James Roosevelt National Director of Political Organization. In March, Harold L. Ickes, who had just resigned as secretary of the interior, became executive director of I.C.C.A.S.P."

"In May, in order to strengthen the progressive coalition for the elections, I.C.C.A.S.P. joined with the National Citizens' Political Action Committee and the C.I.O. Political Action Committee in forming a coordinating committee 'to mobilize the people of the United States for the 1946 campaign' and invited other citizens' committees to join with them in the coordinating committee which is to serve as a clearing house and repository for 'joint action'."

Among those who took a prominent part in discussion at last night's meeting were Rabbi Herbert I. Bloom, Dr. H. L. Bibb, Kingston; Mrs. Milton Wagoner, Mrs. Joseph Forman, Konrad Cramer and Mrs. Philip Fitzpatrick of Woodstock, also Ben Miller of Ellenville.

Palestine Called To General Revolt

Colonial Secretary George Hall on the President's note.

A Colonial Office spokesman said that Dr. Weizmann, who earlier this week had refused to see Hall until the British released Jewish Agency executives arrested in Palestine, was accompanied to the conference by Dr. Nahum Goldman, agency representative in Washington.

Also present at the conference were Dr. Stephen S. Wise, of New York; Benji Lockier, British member of the Jewish Agency executive, and Elizar Kaplan, agency treasurer.

The British cabinet, which met yesterday to reaffirm Britain's intention of carrying out its interim policy of clamping down on illegal immigration to Palestine, was reported ready for an emergency session to consider President Truman's comments on the federation-partition plan.

Whitehall sources said that plans were being pressed for conferences, with both Arabs and Jews on the Palestine problem but that the possibility of a round-table meeting were fading. Instead, these sources said, it was likely there would be separate conferences due to the refusal of Arab leaders to sit at any session with the Jews.

Gain in Savings

New York, Aug. 15 (AP)—Savings deposits in the 131 New York State mutual savings banks showed a net gain of \$62,340,070 in July and represents the 50th consecutive monthly gain, bringing total deposits to \$8,800,000,000, the Savings Bank Association of the state of New York reported today.

The association also said 1,459 home loans to veterans, aggregating \$9,985,425, were reported by 102 state savings banks in July. The average loan throughout the state was \$7,529.

bert Brooks, 51, of (1535 West 11th street) Brooklyn and Hope-Junction, N. Y. The impact turned the Roosevelt car into the path of an automobile driven by Robert S. Rose, 26, of (300 Spring street) Ossining, N. Y.

Rose avoided a second head-on crash by swerving his car but it was sideswiped by the Roosevelt car.

List of Injured
No charges were filed against any of the drivers.

Those injured were: Brooks, who suffered a possible fracture of the left arm. He was treated at St. John's Hospital in Yonkers.

Thomas E. Dowdell, 29, of (199 Faene Court) Brooklyn, a passenger in the Brooks car. Dr. George M. Shadle, hospital intern on the ambulance, said Dowdell received lacerations of the nose and possible chest injuries.

Mrs. Gertrude Jones, 35, Mrs. Roosevelt's maid, treated at the hospital for lacerations on the right ear and possible chest injuries.

Mrs. Arlene Rose, Police said

her injuries were minor and that she was treated at home.

Cars Towed Away

Both the Roosevelt and Brooks cars were so badly damaged they could not proceed under their own power and were towed off the highway.

After treatment of the injured and the police investigation at the scene of the accident, Mrs. Roosevelt accepted a ride to New York city with another motorist, Harold Godfrey, Newburgh, N. Y., (street address unavailable).

Dr. Shadle said Mrs. Roosevelt was standing in the road near the wrecked cars when he arrived.

and when he sought to examine her, she told him: "I believe I'm all right, I'd like to have you look at the others."

Shadle said she "was upset, but she directed her attention to the injured. She had command of the power and helped me in handling them."

Mrs. Roosevelt said a third passenger in her car was a five-year-old boy, who later was described variously as the son and grandson of Mrs. Jones.

Truck Trailer Boost
Washington, Aug. 15 (AP)—O.P.A. today authorized an increase of

\$6 per cent in price ceilings on truck trailers. The increase, effective Saturday, is being granted to

offset higher wage and materials costs. Dealers may pass on the full amount of the increase to customers.

Ulster County Tops Blue Ribbon Winners At 4-H Club Annual District Fashion Revue

Ulster county girls won three of the six blue ribbons in 35 entries at the 4-H Club District Fashion Revue in the state armory, Manor avenue, Wednesday afternoon. This was one of the five district revues sponsored by the 4-H clubs of the state. Ten counties are in the local district and eight were represented with models yesterday: Columbia, Dutchess, Nassau, Orange, Rockland, Suffolk, Sullivan and Ulster. Greene and Putnam did not send representatives.

This is the first year since before the war that the annual revues have been held and the six girls who won blue ribbons yesterday will be eligible to enter the state revue at Syracuse, August 23. Blue ribbons were given for excellence; red for merit and white for honorable mention based on the workmanship, styling and modeling of the garments, made and modeled by the girls.

Blue ribbon winners were Elizabeth Alley of Verbank, Dutchess county for her beige black suit made with cardigan style jacket smartly trimmed with rows of red stitching; Louise Kerr of Poughkeepsie, Dutchess county, for her cool white dress trimmed with red ric-rac. The bodice is fitted with a bowbelt and gathered skirt. . . . Jean Meyer of Saugerties, Ulster county, for the red and white check cotton made with white eye-let embroidery yoke and puffed sleeves. . . . Jane Bower, Hurley, Ulster county, for her blue and white check gingham with peplum and ruffled neckline. . . . Joyce Teepe, Malverne, Nassau county, for her aqua "dress-up" dress made with square neckline, cap sleeves, both trimmed with tiny black lace, softly fitted bodice and skirt with side front fullness. She wore black accessories and Carolyn Morehouse, Lake Katrine, Ulster county, for her gray wool suit with yellow and black print blouse and gray and black hand-made accessories.

Styles for School
Styles in general were chosen year's wardrobe. There were only three exhibits of play clothes, the largest number being in the wash dress and suit division. Checks and stripes seemed to be favorites in the wash dresses with green and white combinations predominating. There were also a number of smartly styled suits and several

party dresses. Herbert Morehouse of Lake Katrine escorted the models who showed the formal party dresses. The garments were given a preliminary judging during the morning hours and final decisions were made as the girls modeled the clothes. Miss Martha Leighton, assistant state club leader, supervised the revue with Mrs. Mary Wetstone of Cornell University, Miss Ann MacPhail, Highland; and Mrs. Floyd Ellsworth, Port Ewen, as judges.

Awards
Awards were as follows: Work or play clothes—Beth Nestler, Wappingers Falls, Dutchess county, red; Madeline Schmit, Callicoon Center, Sullivan, white; Elizabeth Alley, Verbank, Dutchess, blue. Wash dresses and suits—Doris Holub, Williston Park, Nassau, red; Jean H. Meyer, Saugerties, Ulster, blue; Louise Kerr, Poughkeepsie, Dutchess, blue; Margaret Main, Liberty, Sullivan, red; Dorothy Janichen, Baiting Hollow, Suffolk, white; Agnes Bull, Circleville, East Nassau, Columbia, red; Philomena Miniccozzi, Williston Park, Nassau, red; Jane Bower, Hurley, Ulster, blue; Helen Wilcox, Roscoe, Sullivan, white; Joan Kassner, Modford, Suffolk, white; Anna Hill, Walden, Orange, red; Elizabeth Dohm, New City, Rockland, red; Madeline Werner, West Hempstead, Nassau, red; Joan Newman, Callicoon Center, Sullivan, white; Breana Kneiff, Middletown, Orange, white; Shirley Wilcox, Roscoe, Sullivan, red; Theresa Quick, Walden, Orange, white; Betty Villanue, West Nyack, Rockland, white; and Diane Reinhardt, Middletown, Orange, white. Dress-up—Joyce Teepe, Malverne, Nassau, blue. Wool dresses and suits—Marjorie Buck, Salt Point, Dutchess, red; Thelma Smith, Centereach, Suffolk, red; Shirley Swart, Saugerties, Ulster, red; Ruth News, Centereach, Suffolk, white; Joan Grant, West Lebanon, Columbia, red; Elizabeth Hill, Malverne, Nassau, red; Carolyn Morehouse, Lake Katrine, Ulster, blue.

Party dresses—Vivian Hascup, Youngsville, Sullivan, white; Mary Sauer, Kyserike, Ulster, red; Marian Fries, Youngsville, Sullivan, white; Jean Wells, Modena, Ulster, red. Miss Mary Savre, assistant county 4-H club agent of Greene county, announced the exhibits and Miss Barbara Hardenbergh of Hurley was pianist. Edmund R. Bower, Ulster county agent, acted as chairman. Among the county associate agents whom he introduced were Miss Jean Nelson, Columbia; Miss Mildred Wells, Dutchess; Miss Dorothy Flint, Nassau; Miss Barbara Kendrick, Orange; Miss Harriet Clouston, Rockland; Mrs. Scott Mattison, Suffolk; and Carl Grant, Sullivan. Immediately following the revue, Miss Flint spoke to the girls and the visitors explaining the aims of the 4-H sewing groups in helping the young girls to learn correct and modern methods for making their own clothes.

Immanuel Young People Take Hayride to DeWitt Lake
Fifty young people with the Rev. Ernest L. Witte of Immanuel Evangelical Lutheran Church enjoyed a hayride to the Pine Grove at DeWitt Lake Wednesday night. After a hot dog roast the group enjoyed dancing at the pavilion until midnight when they returned to Kingston on a real moonlight ride.

Couple Honored on Birthday
A surprise birthday party was held Sunday for Mr. and Mrs. William Morse at their home on Maple Hill, by their children. Those present were Mrs. Evelyn Nolare and sons from St. Albans, L. I.; Mr. and Mrs. Lawrence Wheeler, Elmont, L. I., and son, Harry Wheeler of Kingston, and son, Sylvester Wheeler and family of Poughkeepsie; James Wheeler and family of Kingston; Frank Morse of Catskill and several friends and neighbors.

GRANGE NEWS

Ulster Grange
The August meeting of Ulster Grange was held Wednesday evening in the community hall, Ulster Park. A favorable report was had on the application of Bernard J. Bonner, Miss Rosemary Polisi, was obligated in the third and fourth degrees. Mrs. Adele Villhelm was obligated in the first and second degrees during the July meeting. The Asbury Degree team has been invited to confer degrees in full form at the first meetings in September and October. New members who have been obligated only within the past months will be expected to receive the degrees in full form when the Asbury team visits Ulster Grange.

C. C. DuMont, Jr., reported that the fair committee had completed plans for the Grange exhibited, but were experiencing some trouble in securing necessary lumber for the booth. Charles Warren offered to donate the required lumber. At the request of Master Hard, Mr. DuMont agreed to have the committee give a detailed report at the annual picnic on August 15, at the home of Mr.

and Mrs. A. Loren LeFevre, Esopus. John C. Gendreau was appointed chairman of the bond sales committee. Master Hard asked that every member of the Grange participate in the campaign to raise money for the building fund.

Mrs. E. Saqui, chairman of the service and hospitality committee, reported on the card party to be held this Wednesday evening. Many of the boarding houses in the vicinity have reserved tables for the party, which promises to be an outstanding affair.

The literary program was in charge of the lecturer, Mrs. George Hard. John Bernato read "A Purpose in Life." A quiz on "Types of Cloth" brought out many amusing answers. "How to combat the rising cost of living and keep the home budget balanced" was the topic for discussion on the program. Many interesting ideas were advanced, but generally the members agreed that the thing to do was refuse to buy articles that are way out of line in price. The subjects of farm subsidies, taxes, black market operations and other pertinent topics were brought up. Many diversified interests were represented and the views of such members as Albert Kurdt, George Hard, C. C. DuMont, Jr., Milton Tsitsira, John C.

Heads Red Men

Rochester, N. Y., Aug. 15 (AP)—Emory Resseguie of Binghamton heads the Great Council of New York, improved order of Red Men. Resseguie was named great sachem as the three-day state convention ended yesterday. Named representatives to the Great Council of the United States were Thomas C. MacPherson, Peekskill; Frank Dumoulin, Stony Point; and Frank Sayre, Endicott.

School Enrollment Increases

Albany, N. Y., Aug. 15 (AP)—Summer school enrollment in New York state this year is 80 per cent above the average. Dr. John S. Allen director of the State Education Department's Higher Education Division, reported yesterday that 90,000 persons were attending summer schools, with veterans comprising 45 per cent. He said the six-year average was 50,000.

To Judge Fruit Show

J. Wells Weaver of New Paltz has been selected as judge of the fruit show which will be held as a part of the Dutchess County Fair, Rhinebeck, August 27-30. Walter Androsko, assistant county agent and chairman of the fruit show committee, said today.

Mrs. R. B. Carr Dies
Berkeley, Calif., Aug. 15 (AP)—Mrs. Richard B. Carr, wife of a retired U.S. Steel Corporation official and mother of Mrs. Walter Title of Danbury, Conn., died at her home here Tuesday of a heart ailment. She was 74.

Chandler Refuses to Lift Suspension of Mickey Owen

Decision Also Applies to Other Jumpers: Racing Heads Get Okay From 'Happy'

Cincinnati, Aug. 15 (AP)—Mickey Owen's jaunt south of the border threatened today to end his ten-year baseball career.

In four curt sentences, Baseball Commissioner A. B. Chandler last night refused to lift the five-year suspension imposed on the former Brooklyn catcher and all other American ball-players who jumped their contracts to take jobs with the Mexican League.

Owen insisted, nevertheless, that he would not go south again, and since he will be 35 and past his prime when the suspension ends, it looks like Mickey is through.

But Mickey refused to give up hope. Conceding that he was "set" financially as a result of his Mexican adventure, he said he hoped the whole thing would blow over soon, or that Brooklyn would find some loophole to get him back. Meantime, he said he'd work on his Springfield, Mo., farm.

Passes Is Pleased
The only persons who appeared pleased was Jorge Pasque, president of the Mexican League. Chandler's ruling, Mexico City suggested, would discourage others from trying to scramble back to American baseball. Mickey himself, reporting that many were dissatisfied there, sighed "it looks like they're stuck."

McWilliams Back With Army Eleven, Officials Announce

Backfield Star Assures Academy Spokesmen He'll Play With Team This Fall

West Point, N. Y., Aug. 15 (AP)—Thomas (Shorty) McWilliams of Meridian, Miss., the football star who has been toying with the idea of returning to Mississippi State, will be back at right halfback on the army team this fall.

Military Academy officials announced. In the face of reports that McWilliams would resign from the academy, officials issued a prepared statement last night saying the backfield regular had informed them he "possibly does not intend to leave West Point."

Kingston A. A. Will Meet Tonight at Elk's Lodge

Prospects of Bringing Major League Club to City May Be Talked of at Meeting

All members and prospective members of the Kingston Athletic Association are invited to attend an important meeting this evening at the Elk's Lodge on Fair street starting at 7:30 o'clock. President Tomm Davitt will preside.

The first meeting of the organization in months was held Monday evening at which time the ground work was laid for the starting of a semi-pro football team which will represent the association this fall.

Although nothing definite has

been reported by the K.A.A. there is a possibility that tonight's meeting may result in the bringing of another first rate major league baseball team to this city before the season ends.

Unofficial word had it today that a report would be members of the organization by a well-known sports enthusiast of this city who has recently been in contact with major league club owners in an effort to bring a club here to aid in the promotion of sports for the youth of this city.

Tangler Is Thirsty
Tangler, (AP)—All water mains have been ordered shut off daily in this sun-baked international port from noon until 8 p. m. Water consumption has been averaging a reservoir supply of 3,900 cubic yards.

Track and Field Events Scheduled for Stadium: Entries Will Close Monday, August 19

Cash prizes amounting to \$60 will be awarded to the first and second place winners in the big sports program which is being arranged by a joint committee of the Chamber of Commerce, the City Recreation Department and the Ulster County Farm Bureau in connection with next week's Ulster County Fair, Joseph Kramer, chairman, announced today.

Paul Zucca, Al Kurdt and Harry Edson, who will supervise the program, are other members of the committee. Those not winning cash awards will be presented ribbons for third and fourth place winners.

Children from towns and villages outside of Kingston are urged to mail their entry blanks immediately to the Chamber of Commerce, Gov. Clinton Hotel, Kingston before midnight, Monday, August 19. City children may enter their names at their respective playgrounds or else by mail to the same address.

Starts 2:30 p. m.
The sports program will get under way at 2:30 o'clock next Wednesday. The south gate of Forsyth Park will be opened to fair-goers and contestants to enter the stadium at 2 o'clock. The committee has announced that free parking will be available at the stadium from 11 o'clock to 7 o'clock.

In planning for this gala event committee members have announced that all children and adults will be requested to remain in the stadium stands throughout the entire program and that children are only to come down to the track when their names are called over the loudspeaking system. Assistance of this kind will enable the directors to keep the program going at full speed.

Following are the events:
25 Yard Dash (Boys 6 to 8 years of age); Wheel Barrow race, crab race, three-legged race, 50-yard dash and the running broad jump (Boys 9 to 12 years of age inclusive); 100-yard dash, 200-yard dash, 880-yard dash, broad and high jump (Boys 13 to 16 inclusive).

25 Yard Dash (Girls 6 to 8 years of age inclusive); Three-legged race, Yale-lock race and 50-yard dash (Girls 9 to 12 years of age inclusive); 50-yard dash, Yale-lock race and rolling pin throw (Girls 13 to 16 inclusive).

Wins Golf Tourney

New York, Aug. 15 (AP)—Frank Majer, Jr., a 34-year-old New York architect, is the winner of the Annual Hole-in-one Golf Tournament sponsored by the New York World-Telegram. Majer's winning shot landed only an inch and a half from the cup. It was made Tuesday at the Bayside, Long Island, course, and stood up through the final session of the week-long tourney yesterday.

Mother of Jack Dempsey
Dies at Age of 87 Years

Murray, Utah, Aug. 15—Mrs.
Cecile Dempsey, 87, the mother of
Former Heavyweight Boxing
Champion Jack Dempsey, died at
her home here early today. Ad-
vanced age was the cause of
death.

The former heavyweight cham-
pion was at the bedside when his
mother passed away, having ar-
rived from Los Angeles where he
had been vacationing.

Besides Jack, a daughter, Miss
Elsie Dempsey and another son,
Joe, survive. Mrs. Dempsey's
former husband, Bernard Demp-
sey, lives at South Lake, Utah.

Task Force Vanguard
Is Off for Aleutians

Seattle, Aug. 15 (AP)—A task
force vanguard of 38 toughened
army veterans waited here today
to shove off for the first post-war
field maneuvers in the Aleutians.

The mission of "Task Force
Williwaw" on a grueling six-month
maneuver on Adak will be to test
equipment against fog, gales, rain
and snow. The advance groups is
commanded by Maj. James O.
Millott. The rest of the force,
composed largely of men of the
Fifth Infantry Division from
Camp Campbell, Ky., will sail from

The Weather

THURSDAY, AUGUST 15, 1946
Sun rises, 5 a. m.; sun sets, 7:08 p. m., E.S.T.
Weather, clear.

The Temperature

The lowest temperature recorded by the Freeman thermometer during the night was 59 degrees. The highest point reached up until noon today was 77 degrees.

Weather Forecast

New York city and vicinity—

This afternoon, mostly sunny and warm, highest temperature near 80 degrees. Tonight, clear and mild, lowest temperature in the upper 60's. Tomorrow partly cloudy and somewhat warmer, highest temperature 80 to 85 degrees.

Eastern New York and New Jersey—Fair and slightly warmer today and tonight. Tomorrow increasing cloudiness and warmer.

The art of cutting and polishing precious stones was scarcely developed before the middle 18th Century.

Ceilings Are Bad For Farm Goods, Says Milk Head

Will Curtail Production of Dairy Items and Drive Butter Into Black Market

Washington, Aug. 15 (AP)—Charles W. Holman told the Department of Agriculture today that if price ceilings are restored on dairy products they will cause "black market butter" to flow out of the flow of milk to markets, and curtail all production.

Holman appeared as secretary of the National Cooperative Milk Producers Federation, which is composed of 75 farmer-owned dairy cooperatives in 46 states.

"The truth is that even if it so desired," he said, "O.P.A. has neither the time, the personnel, nor the information to make the delicate adjustments in dairy markets necessary to keep an even flow of milk to all its users."

Holman was the first of 31 witnesses representing the dairy industry and consumers called to testify on the last of four days of public hearings.

The board must decide by August 20 whether price controls are to be reimposed on dairy products, grains, meats and livestock, and cottonseed and soybeans.

Wholesale Butter Drops

New York, Aug. 15 (AP)—The price of wholesale butter today dropped 2 1/2 to 3 1/2 cents a pound. In trade circles the decline was attributed to fears over the possibility that the market may revert to O.P.A. control.

Two Mettacahtons Men, One Woman Face Morals Case

Following an intensive investigation conducted by Sheriff George C. Smith and County Investigator Clayton Vredenberg, two Ulster county farmers and the wife of one of the farmers, were arrested Tuesday on serious charges.

Held in the Ulster county jail to await action of the grand jury are:

Elton DePuy, 45, Mettacahtons, charged with abduction and held on \$5,000 bail.

Harry Osterhoudt, 40, Mettacahtons, charged with rape second degree, bail fixed at \$2,500.

Mrs. Jennie Osterhoudt, 36, wife of Harry Osterhoudt, held on a charge of adultery, bail fixed at \$300.

The fourth person involved was Elton DePuy's daughter, who is a minor, and is not being held. The sheriff's office investigation uncovered a lurid story involving immoral relations among the group who are neighbors in the Mettacahtons farm district. These alleged relations are said to have transpired over a period of several months. The sheriff's office began its investigation after receiving complaints from that area.

Osterhoudt is being held for rape second degree as the result of alleged sexual relations with DePuy's minor daughter, while DePuy is charged with abduction for allegedly permitting his daughter to have relations with Mr. Osterhoudt. The charges against Mrs. Osterhoudt are for alleged illicit relations with Mr. DePuy.

Detroit Auto Plants Resume Production

Detroit, Aug. 15 (AP)—Production was resumed today in four Detroit area automobile plants after veterans' demonstrations yesterday idled some 20,000 workers.

Work got under way on the final assembly lines at Chrysler Corporation's Dodge main plant here where 1,100 ex-servicemen were on strike.

Another 200 veterans returned to their jobs at the Fisher Body Plant and the Truck and Coach Division of General Motors in Pontiac, Mich., after staging a protest march yesterday against contract provisions which do not allow them vacation pay.

The company said veterans who were not employed for the full calendar year of 1945 did not receive vacation pay because it is based on a percentage of income earned during the prior year.

Andrew Beach, spokesman for the demonstrators, said the picketing was "entirely apart from any union activity" in answer to a statement by G.M. Vice-President Harry W. Anderson that it was "a carefully engineered union publicity stunt."

Enters Jesuit Novitiate

New York, Aug. 15 (AP)—Avery Dulles, 28, youngest son of John Foster Dulles, prominent Protestant layman, yesterday entered the Jesuit Novitiate of St. Andrews-Hudson, at Poughkeepsie, N. Y. "to study theology." The younger Dulles joined the Catholic church in 1941, and applied as a postulant two months ago for admission to the Novitiate. He was graduated from Harvard in 1939 and served in the U. S. Navy for five years until his discharge last month.

Two Barons of House Of Rothschild Married

New York, Aug. 15 (AP)—London and New York were the scenes yesterday of the marriages of two barons of the House of Rothschild, distant cousins.

In Locust Valley, Long Island, N. Y., the 64-year old head of the international banking house's Vienna branch, Baron Louis de Rothschild, was married to Countess Hilda Auerperg, daughter of the late Count Anton Auerperg, of Vienna.

In London, Baron Nathaniel Mayer Victor Rothschild, 33, and Miss Teresa Georgina Mayor, 29, a British civil servant, were married after a romance that began when both were engaged in war work.

Baron Louis de Rothschild, now an American citizen, was held prisoner by the Gestapo for more than a year after the Austrian Anschluss.

His cousin, Baron Nathaniel Rothschild, was awarded the American Legion of Merit for his work as a counter-sabotage officer in the British War Office.

Walkout at Chrysler

Detroit, Aug. 15 (AP)—An estimated 3,000 employees of the Chrysler Corporation's Kew-Forest body plant were sent home today following a walkout of 15 men in one department and a company spokesman said an additional 1,500 men on the Jefferson plant's final assembly line would be idled by noon. The strikers left their jobs in protest after one employee was given a one-day reprimand for "loading," according to the firm.

Byrnes Takes Rap at Russia

Continued from Page One
how anyone could disagree with this.

Byrnes declared: "It so happens that the issues which the Soviet government regards as fundamental have been settled in the council of foreign ministers. We support those settlements. On the other hand, a number of issues which we regard as important are unsettled and the Soviet government vigorously opposes our viewpoint."

The American spokesman said he had no objection to the Soviet Union vigorously presenting its viewpoint, but we do object to a misrepresentation of our position and our motives."

Byrnes continued: "We do not object to the Soviet government giving the impression to the conference that other ex-enemy states are more democratic than Italy because they have harmonized their views with the Soviet Union. The new Italy, constituted by a free election, is entitled to the sympathy and encouragement of every democratic state."

He repudiated "the suggestion of the Soviet delegation that the economic clauses are part of an effort to exploit the ex-enemy countries for the selfish advantage of the United States."

Byrnes clearly was talking to Russia when he said: "Would anyone suggest that these countries, which were the principal objects of German economic penetration and encirclement, should continue under the same system of economic relationship but that they should merely substitute for Germany some other country upon which they would be almost entirely dependent for supplies and for markets? It is out of such arrangements and not out of non-discriminatory trade that enslavement and exploitation arise."

There was prolonged applause.

Hungarian Issue
"Who won this war—the United Nations or Hungary?" the peppy Maryark demanded indignantly as he denied Gyongyosi's charges that the Hungarian minority in Czechoslovakia was being ruthlessly persecuted.

"With the exception of a few generalities we did not hear from Mr. Gyongyosi a clear condemnation of 20 years of the semi-Fascist, Fascist and always feudal regimes in Hungary," Maryark said. He maintained the Czechoslovak record on minorities "is second to none in Europe during the period between the two wars."

"For 20 years Czechoslovakia did her best to prove to the world and to herself that the notion of a transfer of populations was alien to her idea of democracy."

"The minority section of the League of Nations was swamped and besieged continually by complaints from our Hungarian fellow citizens—complaints in the very same language we listened to yesterday."

"After the sordid Vienna award of Italy and Germany, Hungary very quickly occupied the southern part of Slovakia and tens of thousands of Slovaks and Czechs were pushed out in a truly Axis manner."

"In the charming little town of Surany, the Hungarian military opened fire on peasants leaving the church just because they were singing Slovak hymns."

"All this mind you was before the war. And what happened during the last phase of the war? In 1944 the Slovak nation rose behind the German line and a magnificent insurrection began."

"The Germans had to throw seven divisions into action to hold the front. The Hungarians held them the best they knew how. Even after the signing of the armistice, the Hungarians supported the Germans by blowing up bridges, factories and communications of all sorts. This is why Czechoslovakia was the last country to be really liberated," Maryark said.

Masaryk went on to state that Hungarian military formations assisted "in mass execution of Slovak patriots and partisans" and asked:

"After all these unspeakable experiences can you wonder that we did not give back all the rights and privileges which the Hungarians have abused so flagrantly for so long?"

U. N. Returns Today To Albania Problem

New York, Aug. 15 (AP)—The Security Council's membership committee returned today to consideration of Albania's application for entry into the United Nations, which has met with the strong support of Russia, the violent opposition of Greece and a cool reception among the western powers.

Reconsideration of Albania's application was tracked by Poland and Egypt on Britain's treaty of military alliance with the Transjordan and a Polish demand that the committee delay action on Transjordan's bid for membership until next year.

Auto Accidents Increase, Boost Insurance Rates

Girard L. McEntee & Son, local agents of The Travellers Insurance Co. of Hartford, Conn. one of the largest automobile insurance writers, has received a summary of the annual report of the operation of the New York Safety Responsibility Law for the year 1945 which contains many facts of interest to buyers of automobile insurance.

After reading the report auto owners can readily see why insurance companies have been compelled to raise insurance rates. The report states that during the year 1945 there were 302,254 accident reports filed with the Bureau, an increase of 88,000 over the previous year. An average of about 1,000 persons every month were forced to surrender their operating privileges because of failure to meet security requirements of the law and more than \$1,000,000 was deposited with the state by uninsured operators to satisfy the requirements of the law and enable the owners to continue to operate their vehicles.

The report states that in spite of the above facts and figures there were no appreciable change in the percentage of people carrying insurance, from that reported the previous year. Every indication is that the 1946 record of accidents will be worse than that for 1945 and automobile owners are constantly being urged to drive carefully and help reduce the accident record.

Helen Marvel Gets Indeterminate Term

Jersey City, N. J., Aug. 15 (AP)—Miss Helen A. Marvel, 52, was under sentence today to an indeterminate term at the state reformatory for women for admittedly embezzling \$18,000 from the Central Laundries Company where she was employed as a bookkeeper.

She was sentenced yesterday in Hudson county court after pleading no defense earlier to 40 indictments charging larceny and embezzlement.

Miss Marvel, who left the laundry in September, 1945, was arrested in Poughkeepsie, N. Y., last month and told authorities she was glad her "conscience has caught up with me." She said she did not know "where the money went."

PAY AS YOU RIDE

A small down payment and 8 monthly payments buys auto insurance, if you want credit. You need insurance to avoid trouble and possible loss of your driver's license.

For \$5.00 you can buy \$1,100 fire insurance on furniture in a dwelling in Kingston for 3 years. The policy takes covers up to \$110 in any place outside the home.

What if someone falls on your sidewalk or is injured on your premises? \$5 a year insures a private home against such claims.

Plate glass insurance does not cost much. Ask for an estimate.

I have a monthly payment plan which enables businessmen to pay insurance premiums out of income. It's confidential, convenient insurance service.
